## Dedication

*'I write poems, because poems are short stories of our lives!'*

## Acknowledgement

I would especially like to thank my 8th grade English teacher, who was the one that started all this; she got me into poetry.

I would like to thank all the people in my life, who inspired me to write all the emotions I felt, and then create them into this. Even the people who hurt me, who never liked me, who always thought I was the odd one out. I am grateful, because if you didn't, then I wouldn't write any of this.

Lastly, I would like to thank all the people who are so kind, saying how they love every single poem I write.

Thank you all for everything!

## Betrayed

I was betrayed,  
I was left alone.  
I now have no one,  
I'm left on my own.

I got replaced,  
She left me for her.  
I hope they won't be,  
As happy as we were.

I got erased,  
Away from her life.  
She got rid of me,  
Chasing me with a knife.

I got tricked,  
She lied to me.  
But she never knew,  
Who I was going to be.

I got stabbed,  
She was two-faced.  
The she killed the real me,  
Like a mouse being chased.

I got betrayed,  
I was left alone.  
I now have no one,  
I'm left on my own.

## Betray Me To Death

She gave me false hope,  
Said, 'let's start over'.  
I wish I wasn't fooled,  
By the four-sided clover.

She was like my sister,  
I thought we had trust.  
Until that fateful day,  
When she threw it away like dust.

The only thing she never gave me,  
Was trust in return.  
Until I knew it was all fake,  
All unreal, all to turn.

All the things she said and promised,  
All have been a lie.  
Now that I think about it,  
It makes me want to die.

As I write this poem,  
And tears flood the sheet,  
I realise it's time,  
For death to save me a seat.

## Do I know you?

I see you in the corner,  
Then our eyes meet.  
And even by your look,  
I can tell you're really sweet.  
But I don't know you...

And so we talked,  
I'm a bit afraid.  
But this time I promise,  
I won't be betrayed.  
But I like you...

You confessed you feelings for me,  
I kind of like you too.  
I may regret this later on,  
Still I know it's true.  
But I really do like you...

How can I tell you,  
I love you more than my life?  
Now I know for sure,  
You won't stab me with a knife.  
But I love you...

You said you love me,  
I don't think it's true.  
You had strike one,  
Don't make strike two.  
But I suspect you...

You lost my trust,  
I don't believe you anymore.  
If you don't change,

I'll go out the door.  
But I don't trust you...

And so I did,  
I left you alone.  
You cheated on me,  
I won't answer my phone.  
But I hate you...

I see you in corner,  
Then our eyes meet.  
I'm not afraid,  
It's you I'll defeat.  
But I don't know you...  
*And I never will.*

## Drowning

I'm drowning,  
Deeper into the sea.  
Someone help me,  
I want to be free.

I'm drowning,  
Deeper into my guilt.  
Now everyone is dead,  
And so is everything I built.

I'm drowning,  
Deeper into my tears.  
All I hear is screaming,  
So I cover my ears.

I'm drowning,  
Deeper into my blood.  
I can't carry on,  
I can't stop the flood.

I'm drowning,  
Deeper into the dark.  
I'm looking for some light,  
But there's not even a spark.

I'm drowning,  
Deeper into death.  
I close my eyes,  
And sigh with my final breath.

## Failure

I failed my life,  
It was all a mistake.  
It was just a matter of time,  
Before everything would break.

I failed my friends,  
They all trusted me.  
I disappointed them,  
Is this who I was meant to be?

I failed my lover,  
All he wanted was love.  
I tried to make him happy,  
But no one spoke from the above.

I failed my career,  
I had a chance.  
But I blew it all,  
All because of a horrid trance.

I failed my family,  
They believed in my lies.  
They believed it all,  
Even if they looked in my eyes.

I failed my life,  
It was all a mistake.  
It was just a matter of time,  
Before everything would break.  
*And so would I...*

## How Madness Killed Me

I always had a happy life,  
Then he entered it with glee.  
That's when I met my true love,  
I had a heart and he had the key.  
Madness was not inside of me.

We loved each other,  
He proposed on one knee.  
I said yes,  
I was no longer free.  
Little madness inside of me.

He met my best friend,  
It became a three.  
It was no longer the two of us,  
It was only she.  
Madness was growing inside of me.

I thought he chose my soul,  
And what is it that I see?  
He cheated with my best friend,  
I wanted to flee.  
Madness was inside of me.

Jealousy took control,  
Who was I meant to be?  
I sliced her throat,  
What is it I could not see?  
Madness was me.

I went insane,  
I was once again free.  
He screamed, "forgive me!",

And my rope killed him a on a tree.  
Madness took over me.

I look at myself,  
I say, "I'm sorry..."  
My knife deep inside of my body,  
I was out of my misery.  
And this is how madness killed me.

## I miss you

I miss you,  
This feeling won't fade.  
I don't like our ending,  
Not for the price I paid.

I really miss the part of you,  
Which would always make me smile.  
It was always so much fun,  
But only for a while.

I really miss the part of you,  
That always looked at me.  
Not the person I cover behind,  
But the one nobody can see.

I really miss the part of you,  
That would always have a calm voice.  
Why did you have to leave?  
You didn't give me a choice.  
-Miss Xtraordinary

## It Is Not Over

The pain I felt,  
The tears I shed.  
Sometimes I think,  
I would rather be dead.

The screams I heard,  
The anger I saw.  
After all this time,  
Is it really a draw?

The people who died,  
The lives that were lost.  
I want to move on,  
No matter the cost.

The memories I have,  
The guilt I feel.  
It hurts everyday,  
And it will never heal.

The murders I saw,  
The people who killed,  
There is more to come,  
And you are thrilled.

The sorrow I cried out,  
The feelings I had.  
And now I am dead,  
And you are glad.

## My Old Best Friend

Do you remember,  
Being my best friend?  
Back then I never thought,  
This is how it would end.

Do you treasure,  
The memories we shared?  
You changed a lot, for back then,  
I always knew you cared.

Do you recall,  
The time you spent with me?  
Who knew you wouldn't turn out,  
The person I thought you would be.

Do you notice me,  
Staring at your face?  
No, you never did,  
And then it became a chase.

Do you see,  
You pushed me out of your way?  
'Why does it have to be like this?','  
I ask myself everyday.

Do you detect,  
The pain in my voice?  
We came apart,  
And I didn't have a choice.

Do you care,  
About all the lies you said?  
And now you're happy,

But I end up dead.

## Our Mysterious World

What if the world,  
Was black and white?  
Would there still be,  
This holy light?

What if the world,  
Would be equally the same?  
It wouldn't be real,  
It would be like a game.

What if the world,  
Would be frozen in time?  
People would suffer,  
It would all be a crime.

What if the world,  
Didn't have love?  
Would it change anything,  
From the heaven above?

What if the world,  
Would not be able to feel?  
It would be so dull,  
It wouldn't be real.

What if the world,  
Had an afterlife?  
Would it still be killing,  
With its sharp vicious knife?
