## About the author

I grew up in a family where creativity wasn't the best way to make a living. But I fought hard and proved to them that I could make it. Writing was always a part of my life as far back as I can possibly remember. Even though I didn't go to college it wasn't a big deal because my heart was set on writing.

## Let Myself Go

I've heard enough of your lies  
You'll never going to change your ways  
Even if you do  
It can never erase all the pain  
You've caused me  
I ask myself  
"Can I still go on?"  
Nervously shaking my head yes  
As I go through the motions  
My mind says no  
But my heart says yes  
I can't seem to let myself go  
Not from your presence  
I always revert to your opinions  
Doubting myself  
Seeking for your approval  
On how I should live my damn life  
It's time that I let myself go  
Away from a viper like yourself  
What can you provide for me?  
Love?  
I doubt it because baby we already went down that route  
Look where it got me  
Stuck in this mental game of yours  
Unsure of where I belong in this world  
I can't seem to gather the courage to walk away  
But I know that if I do  
My life will be so much better  
Somehow, I feel guilty for leaving you  
It must be my conscience speaking  
Reminding me that I still love you  
Even though you damaged my heart into a million pieces  
Crushing my belief, faith, and confidence

I must let myself go  
To be free from any bad karma  
I must let myself go  
Even though it will be hard at first  
I must do it  
For the sake of my own happiness

## My Broken Heart

Remember the first time I saw you  
It was raining  
And I offered you an umbrella  
Without hesitation, you took it out of my hands  
Smiling so passionately  
I couldn't help but fall in love with your beautiful  
Green eyes  
They were magical  
It lit up my whole life  
Days later we hooked up  
And that's when things  
Turned for the worse  
You broke my heart into a billion pieces  
There it was  
Shatter all over the floor  
You walked all over it  
Like nothing mattered  
My heart was broken  
I tried for years to get over you  
But nobody could compare to you  
My heart was still aching for your love  
What happened to the person that  
I used to know  
That person who was loving, caring, and giving  
In a split second, you turned  
Into a person, I didn't recognize  
My heart is broken  
Because of you  
Now that I look back  
I'm glad things didn't work out for us  
Because now I know my worth  
My heart has healed  
No longer bruise

By your monstrous ways  
So, in the end  
This my break-up  
Letter to you

## Walk Away

Thank you for making me stronger  
I now have the courage to get up and walk away  
From your lies  
Which I truly believed in  
Until I found out the truth  
Who you really were  
A hungry grabbing opportunist  
Hurting anyone who got in your way  
I knew deep down inside that it wouldn't stop  
Not until you were completely satisfied  
But no more  
I am no longer your victim  
In this sick mind game of yours  
Walking away from everything I've ever known  
Is the hardest thing I've ever done  
But I know with time  
I'll get better  
With each step  
I'll strive to get stronger  
Away from a person like you  
The one who turned my world upside down  
Gracefully God gave me the best gift of all  
Feet  
With them I'll use to it  
To walk away from you  
That's right  
Walk away  
Now there is nothing you can do to me  
I have been saved  
By an angel  
Who told me  
That I am  
strong, courageous, and beautiful

From the inside out  
No matter how much  
I doubt myself on the way I look  
Thanks to your comments  
Growing up  
I still can remember  
All those time  
You said, "You have the most digesting hygiene."  
Guess what?  
I've made it  
Everyone seems to love me  
For the real me  
Not by someone who claimed they love me  
When in fact they hardly knew who I was  
Should have listened to God sooner  
When he whispered, "Child, walk away it'll benefit you in the end."  
Took me years to finally get the message  
But now that I have  
It's the best feeling in the world  
Words can't express the way I feel on the inside  
More happiness than I've ever experienced  
When I was with you  
So, in the end,  
Here is my message to anyone  
Hurting, feeling betrayed, and unloved  
Your best solution  
Is to walk away  
Look to what it did to me

## I've Heard

I've heard that you been missing me  
After all these years  
You haven't changed one bit  
Your still hateful because  
I left you for a better chance  
To live life on my own terms  
I've heard that you been trying to call me  
Guess I am important now  
Should have treated me better  
When I still wanted to be in your life  
Now that I've been gone for so long  
I don't want you anymore  
I've heard your still hoping I'll come back around  
You wish  
After all the things, you done to me  
Not worth a second chance  
Due to things in the past  
Can't sit here and watch you  
Walk all over me  
Like I am nobody  
Those days are history  
I've heard that you turned down a marriage  
For what?  
To see if I feel any guilt  
Guess what honey,  
I don't feel any  
Matter of fact  
I was happy to hear  
Such wonderful news  
Finally, you found someone  
Who can make you happy  
So that I won't have to be bother  
Be your presence

Guess your new lover found out who you really were  
Nothing more than a crazy lunatic  
Who was thirsty for money  
When will you ever learn  
That you can't love somebody because of money  
In the end, you end up getting hurt  
While the other person ends up laughing in your face  
Now that you have experience what you have done to me  
How does it feel?  
Painful?  
Nothing compared to all the years I wasted on somebody like you  
I've heard that you matured over the years  
Still haven't seen it with my own eyes  
So, I am still doubtful about it  
Whenever somebody tells me this  
Even if it's true  
I'll still never come back to you  
So please for God sake  
Leave me the hell alone  
Don't you get it  
Your called, an Ex for a reason  
I've heard that you weren't happy when somebody said I got married  
Yes, I did and I am happier than ever  
My life is much better with her than with you  
She is my everything  
And I will do anything to protect  
Our relationship  
So, do yourself a favor  
And walk out

## I Am Free

I am free  
From a monster like you  
Free from all your irrational comments  
About how I should be living my life  
To the world  
They see you as a gracious caring person  
But behind closed doors  
You're a devil in disguise  
Praying on those who are weak  
And somehow lost their sense of faith  
I am Free  
From all the suffocation, alienation, and manipulation  
You planted into my life  
Now that I am free  
The pain you have given me  
Is the rock of my life  
It reminds me everyday  
To be a fighter  
And never give up  
I Am free  
From a monster like yourself  
My voice can finally be heard  
I am finally free

## Saying Goodbye

Getting up and leaving everything I've ever known  
Is the hardest part about saying goodbye  
But I know in time I'll be grateful  
That I choose to leave  
The life I once knew behind  
It was holding me back  
From being the person  
I want to be  
Saying goodbye  
Isn't always easy  
Especially to the one's that I love  
Seeing tears run down their face  
It almost makes me regret  
That I choose to leave  
But just seeing their pain  
Makes me stronger  
It will carry me  
Through the next chapter  
In my life  
Saying goodbye  
Isn't always easy  
But I'll always remember  
Where I came from  
No matter how much money  
I get or how successful I become  
I'll never forget  
The place where I am from  
Saying goodbye  
Isn't always easy  
But at the end  
Of my journey  
At least  
I'll always have a place

To return too  
And that's home  
Saying goodbye  
Isn't always easy
