The Night I Got The Call

(Longer Mix)

Written by Reverend Joshua Edward Loburak

I get a phone call late at night

On my iPhone from my mom crying saying they were just in a accident I get there and there at the Emergency Room already so I had to turn around and go to the Emergency Room I hit a detour put my gps n finally get there after 10-14 text messages and calls asking for me

Rolling over several times the windows crashed in the roof bashed in bad

My parents were in a very bad car accident

No airbags went of course on the sides or the front

They couldn't get out of there seatbelts

Needed help out of the car

Thank god people were there to help my mom and dad out of the car slowly and safely

The ambulance driver was very nasty

The police officer was a azzhole

Very inpatient

They are in one lane trying to move over no cars in site and out of no where a loud bang

My moms door wouldn't open

They had to cut my dad seatbelt

And pull them both out of the car

The car is totaled

The windows are gone

Four people say it was there fault

They end up at the Emergency Room

Till 1am

My mom has headaches

Backaches

N bruises on her arm

N legs

My dad face look beat up

Needed several tests

He's on blood thinners
Had both knees replaced
Hips replaced
U can replace a car
A truck
But u can't replace a life
A guardian angel was watching over them really watching over them I'm a so thankful they are still here they mean the world to me n always will
There in different rooms still at the Er had to go home feed riley change the Reptiles lights then we got back to the Emergency Room
There at the doylestown ER right now
I have to go tell riley now
That there mommy and daddy got hurt
I hope he will be ok
Riley is very smart
And understand everything
The whole family is here to make sure that they will be fine
My mom gets released around 9:30
My dad doesn't get released till almost 1am
We get home around 2 am
So far everything seems to be ok
I'm just so glad that they are both alive
That they are still here on this planet
Without them I don't know what I'd do
They mean the world to me and forever will
I hope no one ever gets in a accident ever again n scars me or anyother family member

Part One:

My heart full of blackness to much hate in this world anything more

Seems to me there's always someone dying

It itsnt fair

Life isn't fair

My heart is full of anger

To many people lie cheat and steal

Just to get what they want

I'm getting to that point

Where I'm gonna explode

Suicide depression everywhere

Medication

Doctors are taking are money

Can't afford to buy anything

If I do

It's enough for one meal

U go into the store for one thing

You come out with a Hundred things

There's always a catch

A fine line

Holidays

Always get every one

Depressed

Aniexty

Hiding in there houses

Fall

Winter

Spring

Summer

The four seasons
Repeat over n over
Start
Finish
A new year
The end of the year
So many moments
A lot are unhappy
Angry
Frustrating
Some
Good great
Music to many varieties
Heavy metal
Country
Juggalos (icp)
80's hair bands
All we need to listen to
Baby's crying
Parents yelling at there kids in the store
Is it right no
It make my heart sore
 night time
lots of stars
in the sky
gathering together
like a family
getting ready for bed
so many imaginations
you can see throw thee stars
images
the sky is bright
but the stars are getting.
dimmer by thee second
too many people not believing
in themselves

to many people wanna give up
look for that brightest star in the sky
walk towards it
always remember
you are not meant to give up
you are not meant to stop
believing
keep those stars alive
never stop believing
extremely in yourself

HAVE A ROTTEN DAY (Have a Nice day version) By Reverend Joshua Loburak

HAVE A ROTTEN DAY
(Have a Nice day version)
By
Reverend Joshua Loburak

I was always told if you do have
anything
Nothing nice to say at
All
Don't say anything at all
So hear I sit with my tongue
Stapled shut
Walked into a bar saw all the people
Thought i what the heck
Went to sit down
This guy moves my stole
And I fall on my azz
He thinks it's funny
By but I'm in pain
Go to sit somewhere else
Seems fine
So far
This lady comes over and starts ordering
Drinks
And charging them to me
I ask her to leave
I get
Look at everyone
Say to the lady
You already smell like a
Sewage plant

And look like a horses azz
I go over to the guy and
Pull his stole
Kick him in the face
And I almost forgot to say
Have a nice day
I walk into Walmart
No one around to help
All the workers are bullshitting
With each other
There is never enough isles open
To check out
I go over to customer service
Ask for help they forget about me
I go back to a employee ask for help
Says he is busy
Just standing there
Walks away
I go back to customer service
Thank you for your help
Pick him up
Put him in a shopping cart and shove him
Down good ole Route 66
I go back to the employee
Say to him why didn't you
Help me
He started walking away
So now he is one of zHeff Dunham's
Puppets
I go to leave the store
I almost forgot
Have a Nice Day
Stop at a Gas station
Low on gas
Only have a one fourth tank
If gas

Low on washer fluid also
I'm waiting as he just stands
Inside looking at me
When the sign says full service
I'm still here
So I thought he might be one the phone
I decide to wait alil more
It's been ten minutes
Nothing just inside starring at me
I walk into the gas station
Shop
Grab a pipe and shove where the sun
Don't shine
I almost forget to say
Have A Nice Day
Go to the park at the local park
For a picnic
Only one parking spot left
This car cuts me off
Takes my spot
I say can you move your car
No answer keeps walking
So I go to the car
Run it over with my Monster Truck
Now it's jack in a box
I almost forgot
Have a Nice Day
Are you tired of those info commercials
Are you tired of people trying to sell
You stuff you don't need
they don't stop
They Repeat
Over and over
So I call the television station ask them to
Take those info commercials off
Just Run Tv with any kind of

Interrupting

They laugh at me

I call the people who are always trying

To sell you shit you don't need

I ask them to take me off the list

To stop selling

To stop calling

They hang up on me

So I go to the television station

Walk in with flower

Asking to talk to the guy who

Runs runs the cameras

He is now a camera himself

I go to the people who

Sell try to sell you stuff you don't need

Blow there place up

I almost forgot

Have A Nice Day

Decided to go for a ride got in my car

Traffic is light

Have some azz hole

Riding my behind

I'm doing the speed limit

But keeps getting closer

So I slow down

And the car is still riding my behind

I wave him too pass

I move over to the other lane

But the car is still there

When the light turns red

I get out of my car

Approach the car

Pull him out

Tie him to the front of the car

As I put it in gear

Going Eighty-five flying down the ride

As he goes flying over two hundred feet
With his car
Into a Dunkin' doughnuts
As I get my coffee
I almost forgot
Have A Nice Day
I go back home
My relatives are there
Fighting as usually
I can't stand them
Always getting on my nerves
Asking for money
For rides
Never wanting to leave
I grab there stuff
There it out the windows
The doors
Everywhere I can
I through them into the
Street
I almost forgot
Have A Nice DAY

Judge me not

My whole life people have told me, "if you don't have anything nice to say, don't say anything at all!" Then they sit there and wonder why I'm so quiet! Have you ever started laughing for no reason, then started laughing even harder because you were laughing for no reason? I Love those moments. A broken heart never heals. It just learns to live in pieces. Wanted to Treat Myself to Something Expensive today..So I went and got gas for my car! Don't get confused between my personality & my attitude. My personality is who I am, my attitude depends on who you are. Snow= S-hit N-o O-ne W-ants. everyone calls me crazy, but when you look at the people i hang around with, you really cant blame me. woke up this morning everything was perfect nothing was wrong it was the best day I ever had then I found out it was a dream no wonder! If life is a highway, I wish someone would finish with the construction already. I'm tired of the detours, road blocks, and pot holes. You have to be able to learn to dance in the rain before you can survive the storm Put my shoes on, walk the path I've walked, feel every knife in my back, see how I got my scars and then judge me. I'm not just a book you can take a glance at. I do what I do I think what I think, I wear what I wear, I am who I am, Don't bother judging me, Cause I don't care anymore, So just save your breath Why is it that when we lose something big, we begin to lose everything else along with it A cop pulled me over and told me "Papers", so I said "Scissors, I win!" and drove off Isn't it funny how red white and blue represent freedom, unless they're flashing behind you I'm sorry officer but I can't stop speeding... the earth is spinning way over the speed limit in this zone. Today I was a hero. I rescued some beer that was trapped in a bottle

PART TWO:

(My revenge)

written by Reverend Joshua Edward Loburak

In the mall just looking around

Minding

My own. Business

All of a sudden a security officer

Comes over and says come with me

I didn't do anything

Just got here

There always picking on me for no reason

I'm told to sit down

I'm read my rights

Not nowing what I did or

Even what I said

I asked him what I did

He said shut up

All these people walk in

Start pointing fingers at me

Tired of this crap

I get up n start saying

What did I do

What did I say

I never hurt no one

I mind my own business

Never bugging no one

So get out of my way

You got three seconds

Before you blow my fuse

Are you ready
Are you ready
To see whats inside of me
You started this
All over nothing
Im gonna get your securty car
And blow it sky high watching it like
Fireworks
Go bang bang
Im gonna go to customer service
Grab the person behind the counter and stuff them in a toybox
Making my day a lil better
Walking in hot topic grabbing some stuff
Stuffingg it up the owner butt
Lifes a bitch Then you live
Tired of everyone coming at me i see a
Lady yelling at here kid
I go over and say
Leave the kid alone
She says get lost
So i i grab her and teach her some manors
Making the kid watch
A man leaves a dog in his car
With the windows up
I go over and say you cant do that
He says blow out
I go back over let the dog out
Take his keys
Watch him stuffed in the dogs cage with
The windows up
Lifes a bitch then you live

My Life Written By Reverend Joshua Edward Loburak

My Life
Written By
Reverend Joshua Edward Loburak
Sorry
I'm sorry
Sick of it all
Waking up
Getting blame for everything
Never doing anything
Right
My day
Ends up turning
Right to night
All I do
Is try to hide
Tired of this world
Tired of this place
Nothing here for me to see
Nothing here for me to do
Some old shit
Different day
Just tired of everything
Anymore
No one
Helps me
No one cares
Even if they did
They wouldn't even
Be there
Just one day
I wish would go right
But I know

That's never gonna happen
Because it's my life

My Year

My year

Written by

Reverend Joshua Edward Loburak

Part One

Sitting here at

Penn foundation

Waiting to see my doctor

Always running late

As usually

Boy I'm ready for bed

It's starting to get dark

Outside alrighty

What a surprise

When I go in his office

He falls asleep on me

I wait I wait just to see him

When I get in to see him

Seems likes I'm right out

Never enough time to talk about whats on my mind

Same ole stuff asked every time

Same answers given

I wish there were new questions

And brand new answers as well

It's a brand new year

Everyone

Has made there New Years revaluation

Mine could be a lot of things

But it's different this year

Every year I ask for something

Or make a promise and never comes true

This year is gonna be different

It's gonna come true

It's gonna be my year
The weather has been crazy
Snow
Sleight
Rain
Now it's hot feels just like summer time
Oh boy oh boy what a day
I guess tomorrow it's gonna be back
To freezing
Until spring appears
Waiting for the flowers
Trees
Grass
To come back alive
Making everything beautiful again
There's always someone who wrecks it all
With there poluction
With there big mouths
Somebody always has to wreck the day
No surprise here
No surprise there
I'm so used to it anymore
Let's get back to my pain
And my suffering
I can barely walk
I can barely stand
walking with a cane
Wearing a back belt
Used to use a walker
I've tried tens unit
Therapy
But
It hurts so much
The medication doesn't work
The injections don't work
Nothing seems to help

The pain I feel everyday
Every night
Hurts me so much
I try to sleep but I can't
I toss n turn
All night long

SAYINZ HITTINZ BACK HARDER

BY REVEREND JOSHUA EDWARD LOBURAK

. 1):Sometimes, you just have to stay silent because no words can explain how you're feeling and what's going on inside your head or heart. 2):Haters don't really hate you, they hate themselves; because you're a reflection of what they wish to be.

3):I can't tell myself that I'm overreacting this time. This time you did something to hurt me, without giving a shit about my feelings.

4): When we are born we are innocents when we step in this world we only love so when we hate it doesn't come naturally we gotta unlearn before it's too late there's no time to wait we got one life one dream one nerve one night we can come together and solve the world for just one night from the mountains to the seas let's put down these walls it might lead to a better placeeeee. 5):You can close your eyes to the things you don't wanna see, but you can't close your heart to the things you don't wanna feel. 6):You have to take the good with the bad, smile when you're sad, love what you've got and remember what you had. Things go wrong but remember life goes on! 7):I wonder how police on bikes arrest people. "Alright, get in the basket". 8):A day without a smile makes the apple rotten to the core. 9):You must take the bad before you get the good, you must endure failure before you experience success, and you must lose before you can win. So never give up. 10):Sometimes the best answer is a quiet response. 11):I sometimes watch birds and wonder "If I could fly who would I shit on?" 12):One guy can make you hate all guys, but one MAN can teach you that not all men are the same. 13):I wanna get lost from my life sometimes, sit on the sideline and just see how someone else would handle it in my shoes. 14):Just had a fight with my alarm clock. It wanted me to wake up, I disagreed. Things got violent. Now the alarm clock's broken and I'm wide awake. Not sure who won. 15):So I was at the park flying my kite and this random guy came up to me and said "You flying a kite?" I replied "Nah I'm fishing for birds" :D. 16): My whole life people have told me, "if you don't have anything nice to say, don't say anything at all!" Then they sit there and wonder why I'm so quiet! 17):Have you ever started laughing for no reason, then started laughing even harder because you were laughing for no reason? I love those moments. 18):A broken heart never heals. It just learns to live in pieces. 19):Wanted to Treat Myself to Something Expensive today..So I went and got gas for my car! 20):Don't get confused between my personality & my attitude. My personality is who I am, my attitude depends on who you are 21):Haters don't really hate you, they hate themselves; because you're a reflection of what they wish to be. 22):The events in my day have been brought to you by the letters W, T, and F! 23):Be yourself even if it means standing 24): I miss the days I felt I could do no wrong, lately it feels I can do no right, and the harder I try the worse it gets. 25):The happiest people know that true happiness comes from within, not from someone or something else. 26): There's some things I regret;Some words that should've gone unsaid;Some mistakes I made;Some roads I never should've taken;But there were lessons learned. 27):What I want.. I can't have. What I have.. I don't need. What I seek.. I can't find. What I found.. I can't deal with. What I have dealt with.. I didn't deserve. 28):How to wash a cat: find toilet, add soap, add cat, shut lid, don't worry the cat is self agitating,flush to rinse, lift lid , run!!! 29):Cracks me up how in scary movies the person yells out "hello" as if the killer is gonna say "Yeah, I'm in the kitchen. Want

a sandwich". 30):You make me Smile. For now, that's Enough.

31): My whole life people have told me, "if you don't have anything nice to say, don't say anything at all!" Then they sit there and wonder why I'm so quiet! 32): Have you ever started laughing for no reason, then started laughing even harder because you were laughing for no reason? I Love those moments. 33):A broken heart never heals. The lights are to bright

I go TO THE LOCAL VILLAGE
LOOKING FOR SOMETHING SWEET
SOMETHING SALTY
AS I ROAM THROUGH THE VILLAGE
I start tearing apart there houses
There buildings
Destroying everything
Everyone
Who gets in my path
I START FEELING WEIRD
I START GETTING DIZZY
I start feeling THE BEAST IN ME CHANGING
MY BODY
MY VAINS
TURNS INTO THIS BEAST
THIS UNKNOWN CREATURE
ITS NIGHTFALL
I GO INTO THE WOODS
ITS DARKS
THERES A LIGHT IN THE DISTANCE
I SEE SOMEONE
SHE SCREAMS
(stay away from me leave me alone)
SHE RUNS INTO THE HOUSE
TRYING TO HIDE
I TEAR THE DOOR OFF THE HOUSE
WALK IN
I can smell her
I grab her
As im about to eat her
I see torches
I see a bunch of people
Heading this way
I grab her
Take off
The beast within me is getting stronger

By the second
 Smarter by the minute
 The beast within me trys to hide it down deeo
 But its taking over my body
 I cant hold it mucb longer.
 The beast has taken complete control of
 Me now
 I am no more
 The beast has finnally awken in me

 Huset innen meg

FÅR MEG FRA VIKTIGER STERKER OG STØRRE
HVER OG OG
HVERT SEKUND
Jeg ER AWARE Å GJØRE MINE VAINS
DEEP INSIDE MEG VÆRE STERKERE OG STERKERE ALLTID
MINE VAINS VIL POP UT
TROBING OG TROBBING
ALDRI VIL STOPP
Mine øyne begynner å røde
AS STRANDEN STARTS TIL Å VAKNE MEG
DEN ENGERGI Jeg føler når denne stranden er sterk
GJØR MY HEART POUND FASTER FASTER
FORANDRINGENE KOMMER
HUSET INNEN MEG
FØLG SENSEEN TIL Å STARTE PROWLING
START JAKSJON
HVEM ELLER HVAD
VIL VÆRE NESTE
Jeg kan høre folk langt unna, jeg kan smake folk langt unna
Det ser ut til å bli den beste av meg hver dag
I can see cars that come down the road with
Høye bjelker på
Blinding meg
Lysene er for lyse
Jeg går til den lokale landsbyen
LOOKING FOR SOME SWEET
NOGEN SALT
Som jeg flyr gjennom landsbyen
Jeg begynner å rive fra hverandre der husene
Det er bygninger
Ødelegge alt
alle
Hvem kommer i veien min
Jeg begynner å føle meg
Jeg begynner å få DIZZY
Jeg begynner å føle SANDEN jeg bytter

KROPPEN MIN

MINE VAINS

TURNS IN THIS BEAST

DENNE ukjente skapelsen

DENS NIGHTFALL

Jeg går inn i trærne

DENS DARKER

DET ER EN LYS, AVSTANDER DET

Jeg ser noen

SKRIFTENE

(hold deg borte fra meg, la meg være alene)

Hun kjører inn i huset

Forsøker å skjule

Jeg tåler døra utenfor huset

GÅ INN

Jeg kan lukke henne

Jeg griper henne

Som jeg skal spise henne

Jeg ser fakler

Jeg ser en haug med folk

Overskrift på denne måten

Jeg griper henne

Ta av

Dyret jeg meg blir sterkere

Ved den andre

Smartere i minuttet

Dyret i meg prøver å gjemme det ned deeo

Menn det tar over kroppen min

Jeg kan ikke holde det mucb lenger.

Dyret har tatt full kontroll over

Meg nå

Jeg er ikke mer

Dyret har vekk seg i meg
