## Stick to it

stick to your guns,  
She said to her daughter,  
Stick to your plans,  
She said to her daughter,  
Stick to your decisions,  
She said to her daughter,  
Stick to your wife,  
She said to her daughter,  
Stick to your guns,  
She said to the daughter in law,  
Stick to your plans,  
She said to the daughter in law,  
Stick to your decisions,  
She said to the daughter in law,  
Stick to each other,  
She said to the couple,  
Stick to me my little one,  
She said to her grandson.

## Saviour life?s moments

*Take your time in what ever you do,  
No matter how much you want to rush it,  
Sarvoirur every moment of it,  
Life isnt going to pass you by quickly,  
Life is slow,  
Life will pass by,  
An when life does,  
Enjoy it,  
An saviour the moment.*

## Love is so strange

Take thy hand,  
Kiss thy beauty,  
If love could be so simple,  
An yet here i am to explain,  
Why love is so strange,  
Love can be pretty,  
Love can make you kiddy,  
Love is so strange,  
Love even can have a bad thorn to its name,  
Not everyone you dwell to encounter,  
Is nicer than thee other,  
Love is so strange,  
Take pride for example,  
Pure and dignified,  
Yet some view it as,  
in your face,  
Yet some view it as embrace,  
Pride is so strange,  
But love,  
Leaves you with,  
Coldness and emptiness inside,  
Or passionate and warmth,  
keeps your heart singing until the end of time,  
Love is so strange.  
I just wish when we fall in love,  
It does not keep us guessing of where does it go,  
But makes us shine and glow,  
Even if its not the happily,  
ever after.

## Showbizz

camera ready action,  
The talent lyes within,  
Showbizz,  
Is the greatist thing ever known to man,  
Showbizz,  
Is Sheer hard work and tears,  
Not just from the actors,  
But the producers and directiors,  
Write down to the writers,  
Showbizz,  
Comforts the audince,  
Catches their breath,  
And moves the audince in diffrent ways, showbizz,  
Is the greatist thing known to man,  
Its a thing that will ease your worrys,  
Showbizz,  
Is the thing,  
I live and breath for,  
Showbizz,  
Is what i work for,  
Showbizz,  
Is waking up early,  
Feeling happy,  
That your about to inspire someone out there,  
Showbizz,  
It is what it says it is,  
Showbizz,  
What a great thing to be a live for,  
Showbizz.

## Dream

When you thrive you shall succeed,  
yet if you dwell,  
you will fail.

I have failed in most things.

I got my set backs.

I got laughed at.

I have my goals.

am beliving in me.

Now am achiving.

Who says dreamers carnt dream.

## I was born wrong

I was born wrong,  
I could not eat food well,  
My mum and dad,  
God bless there soul,  
They went to the doctors,  
An the Doctor,  
didn't think,  
there was a problem,  
I was born wrong,  
I have a learning difficulty,  
So therefore I am classed,  
as disabled but mentally,  
An so my mum and dad,  
God bless there souls,  
Try to stick up for me In schools,  
But they refused to listen,  
I was born wrong,  
When I was 14,  
I was diagnosed,  
With a heart problem,  
An my mum and dad,  
God bless there souls,  
Take me to the hospital,  
Even to this day,  
I was born wrong,  
But so what if,  
Am small,  
and I need glasses to see,  
So what if,  
I carnt really be academically,  
So what if,  
I have a strong reflux system in me,  
So what if,  
I have a Enlarge whole in my heart,

I wasn't born wrong,  
I was born to be a star,  
An hopefully I will be one day,  
    You will see,  
With my mum and dad,  
    Right beside me

## I want to play outside

I want to play outside,  
But dad says its winter,  
So its too cold to play outside,  
I want to play outside,  
But mum said It's spring,  
So it's still too cold to play outside,  
I want to play outside,  
But my big sister said its summer,  
so of course you can play outside,  
But before i ran out the door,  
My granny said its a heat wave,  
so I had to stay inside,  
I want to play outside,  
But grandad said its Autumn,  
So it's getting cold to play outside.  
I want to play outside.

## If I could

If I had a magic wand,  
I wonder who i could become,  
Maybe it would be a lot easier,  
If I could put myself into a magic spell,  
To disguise myself,  
What would it be,  
A thimble mumbling bubble be,  
No that would only make humans kill me,  
What If I were a cat,  
No that would only make me fat,  
What if I were a bat,  
No that would only make me useful as a hat,  
What If I was a blizzard,  
No that would only make my vision blurred,  
What if I were a wizard,  
No that would only mean i would have to grow a beard,  
and that would beat the whole purpose of being magical,  
What if I were a lizard,  
No that would only make me as sharp as sicssors,  
What if I was just myself  
That would only be perfect in every way,  
Besides thinking of what I would be,  
Is hard and being me is easy peasy.
