## **The Bullet (You can only Shoot what you make ) written in 2016)**

Let me tell you a little Story about a Boy who done wrong  
he dragged himself out the Gutter , and bought himself a Gun  
he thought he'd make himself Famous , by shooting someone  
but he had a mental problem , and he thought it was fun

chorus

and he will Rule the day he let go of the Bullet  
and he will Rule the day in that place that he put it

Now he had a thoughtful moment , wondering who he'd kill  
he bought a Gun so easy , the bullets he could have his fill  
in America Gun Laws , are just like buying Sweets  
you can have as many Guns as you want

then go out on the streets , then shoot and kill and repeat

Chorus

and he will Rule the day he let go of the Bullet  
and he will rule the day in the place that he put it

now no American President bothers , Doesn't want to upset the Gun Lobby Elite  
But the American School kids keep getting killed , just like they are fresh meat  
Now how many Kids Deaths Does it take ? , to get rid of these Guns  
you can only Shoot what you make , what makes a Gun such fun ?

Chorus

And will he regret the day he let go of the Bullet  
And will he regret the day in the place that he put it

then dying without warning

Quickly
