Presented by

*My poetic Side* 

## Dedication

*Inspirational poem I wanted too try too figure how too make into a song*

*But I am more of a poet*

*I sing as well*

*But have stage fright*

*I generate stories that are true into poems*

## About the author

My childhood was a huge challenge

I care for others on the inside

## Mama Bear

### *Mama Bear*

This beautiful guardian  
That had crossed my path  
Her sweet and kind heart  
Will beat through my spirit  
Until I take my last breath  
May she stay forever  
In my mind  
Even as she crosses the light  
Loving her deeply  
And will cherish every memory of her.

## Find The Way

Written for Billy Jack McGinley

Stuck to decide what is best to change the bad to the good

Stop

Breathe

Have faith in yourself to make the dreams you desire happen

Your hiding the bright light that needs to be shown

Discovering yourself too eventually let others find out just how specially talented you are

Something that's holding you back from your dreams

It must be

Someday maybe it will happen and be the rising star that I know you are and can be

Don't take a steer to a path that isn't suppose to lead you the wrong way

## Petal

Petal

Magical, poppy

Found, loving, care

Father, son, brother, daughter

bloomed, forsaken, dust

Sunrise, sunset

Praise

## "Sang My Heart Out"

Sang My Heart Out"

I was a daddy's girl  
Growin' through the loud shoutin  
Picked up the karaoke machine  
To avoid the next ache  
Thankful for my gifts passed on down the line  
Wouldn't be here today without the music in my spirit  
Shedding tears and yelling  
Fading dreams  
Too wait until one day I may focus enough  
Up in heaven I know there are lightning bolts wanting to strike down  
But my body was blessed  
I might be a wreck but I've been too deep into troubled waters  
Trying to escape my whole life  
I sang my heart out  
That is why I'm here today

## Lost Spirit

Lost Spirit ( written for Billy Jack McGinley

He longed too always hold a pen in his ?

A finger along a chord

A negative path steered and caught him too only focus on

Leaving the positive path that he should lead back too

Carry it on forward so he will remain the talented spirit that I once met

## My Circle Of Fallen Angels

My circle of Fallen Angels

I remain broken hearted no number in the world could determine my emotions within my mind are all the people I've met through my life that have passed on for being tired within my memory their lives will be cherished until I meet them when my time is up

## Two Strong Kindred Spirits

Two Strong Kindred Spirits  
With all my heart and soul  
I am thankful and blessed  
Too be your granddaughter  
You as a couple  
Father  
Mother  
And every piece of the both of you will never perish in my soul  
I can't count how many years  
Your bond together has been but all that matters within me is that you two know  
HAPPY ANNIVERSARY  
I love you both so dearly  
Make this day the best it could be  
With all my love
