Boredom

## Boredom

Suffocated by life's dream  
No one to befriend or be  
No games to play or see  
Engulfed in the smoke of loneliness  
Of life's unimaginable dream  
can't flee its enticing shadows  
Or its hold on life  
Just stuck to it like life and nature  
Trying again and again  
Entangled in its lonely web  
leave and again to come  
Sign the card of loneliness  
Don't see it as boredom or a silly attraction  
See it as life's dream for eternity  
Or broken dreams to be  
Trapped in its lonely web  
Plea for a message or two  
A friend or enemy  
A crush or desire  
A passion like fire  
For its raging desire  
Can't it see the pain  
And broken dream that's gone  
Can't It see the sadness of life's unimaginable dream  
The future is clear  
And that is well said  
Written in history  
From unsolved mystery  
Of who I will be  
And the world will turn to see
