

# Anthology of SomeonePoetry

Presented by

*My poetic side* 

## About the author

The author is an engineering student and is extremely passionate about writing poetry and reading books.

## summary

Memories

## Memories

The shadows of those bygone days  
The extinguished lantern's eternal blaze  
The tune of those sweetest songs  
And the feeling that lingers on...

The lost rhythm of life  
The closed chapter of our strife  
The blessed moments trapped in the meshes of time  
The memories that will in our heart  
Forever remain as our happy life's paradigm...!
