FIRST LIGHT CONTEMPLATION

*The Darkness of the Night which Intimidate,
Sooner the Suns soft rays which Obliterate,
Fill each day of mine with Hope and Might,
Aspiring for a day which is Glorious and Bright !!*

*Learning, that Life needs to go on and Traverse,
Just as the rivers that don't flow Reverse,
No wonder they are called Rivers,
They are nothing but Happiness Givers !!*

Language of Nature

*The fierce rays of Sun shine Aloft,
Is it Anger, Wrath on Mother Nature brought About?
Earth bears it's fierce, with all its quiet Might,
Stays silent, and awaits for time so Right.
Lands parched, earth silently engulfs the Heat,
And awaits the Ubiquitous one's response, the silent message Sent.
Silent message heard, Nature responds, with billow of Clouds..
Shower with all might and vigor impartially on rocks and Mounds..
Parched lands cry out loud overflowing in Gratitude,
Giving life to hidden secrets in their beds Subdued.
New life blossoms silently, riving layers of earth from Nowhere,
Giving life to new hopes and aspirations Everywhere..
Inner secrets, soaked with happiness, spring to the Surface,
Splitting into two, with Namaskara mudraa to the Almighty in Deepest Reverence.
They grow silently in Meditation,
Eventually nourishing a whole new Generation.
So lose not hope, on situations Rugged,
Power of silence will surely be Heard.
Because it's nothing but the Powerful.....
Language of Nature.....*

SMILE !!

*Smile, the curve that sets everything Right,
Start of a conversation, and makes it Bright.
A Smile on the cheerful Face,
Makes things smooth with Grace.
Happiness and Sadness, a coin's Two Sides,
However poignant may be the Tides.
It takes all the courage to Face it with a Smile,
As it's really worth more than a Dime.
Sickly, sober, anxious, worried look is Man-made,
Happy, Cheerful, smiling, radiant is God-made.
No one teaches a baby to Smile,
A Natural State of heart, without Vile.
Just as the most needed is Sunshine, all the While
A Human's needed fortune, a cheerful heartfelt Smile.
This is riches, blesses the possessor with Treasure,
Also, everyone whom he associates, beyond Measure.
Scatter the flowers of Kindness and Smile,
We are "never" fully dressed without a Smile.
Needs no introduction, A Wearer of Smile,
Because, he knows life is Worthwhile.
So, Smile your way in Life Through,
And see how the world, reciprocates You.
A Priceless Ornament, which cannot be Purloined,
As it's a reflection of Heart, which is Conjoined.
Smile - God's Greatest gift to mankind
Spread the charm, leaving everything behind.
Keep Smiling!!!*

Fall Of LIFE !!!

*Sun rests, Nature Responds,
Fills us with Vibrant Colours,
A stage of Fall or Time to Enthrall,
Nature is God's Canvas , a Clarion Call,
Life's opportunities not at Stall,
So it's time to be-all-end-all !!!
Fall is not the End it's a Start of a New Beginning,
So be always ready for a New Inning !!*

TEARS !!!

Tears are they Painful or Gainful
Are they Rejected or Invited?
Extreme Pain or Happiness,
A mode of expression., Tears.

Heart emotions flooded waits for an Outlet,
Empathetic Eye gives way at the Outset.
Flooded heart releases the Load,
The Eye takes up load, tears Explode !!
Life without Tears is it Worth?
Life, a barren field on this Earth.
Give way to Tears to flow out that Mile,
To make our lives Futile or Fertile !!

Futile if we are Flooded and Lost,
Fertile, if we make a New Start.
So let tears flow, to remove our Illusion,
Because, Tears are uniquely very Human

Diwali - Festival of Lights !!!

*A Vivid festival of Lights,
A Season which Delights!
Darkness of Agyanaa is Annihilated,
Light of Gyaana is Propagated.
Lots to learn from the Lamp,
Not to give up till the Last Lap.
It burns itself spreading the Glow,
Which is a lesson for us to Follow.*

*Keep Spreading the Light of warmth and Affection,
Silently make someone's life bright, without Anticipation!!*

Singing the Blues

*Why do u want to leave and go?
What is it, I have done for you to woe?
Was my endless affection hurting you?
Did not realise it was too much in queue!!*

*What do I do to get you back
Can I get this affection turn to track?
How do I answer this heart of mine?
"Sincere was I", yells heart in repine!*

*No answers for questions of heart,
Because I have lost myself apart,
Heart grieves all in Silence,
A Grief silent, not displaying defiance.*

*A turmoil felt deep inside,
Leaving me tearing me wide,
Nothing can succour this feeling,
What to do, to give it a healing??*

Tribute to a POET !!!

*Poetry a rush of feeling of Emotions,
Surpass the words beyond Annotations,
A torrent of feel, which is Spontaneous,
Carves itself into a rich poem, Harmonious !!!*

*Where speech fails, poetry Wins,
Crisp and candid it hits the Depths,
The poet's exuberance is Captured,
The reader is enlivened and Enraptured !!*

*When sensitivity to surroundings Develops,
Natural cascade of poetry Manifests,
Eyes which see the magic beyond Coherence,
Are the ones which can express in Abundance.*

*Oh!! Poet you make this world a Richer Place,
With your sublime usage of words, which Grace,
May the poets of the world Flourish,
Ennobling this bland world with their Garnish.....!!!*

LOVE - A Tender Feeling !!!

*A tender feeling, never know when it Sprouts,
Never apprises with signals as it Enshrouds,
Before we realize, we are in it Dug Deep,
And there is nothing beyond it, to Peep !!*

*A feeling deep inside, sweetens with intense Excitement,
Heart misses a beat, all while with Contentment,
An overflowing affection, wanting a Connection,
Expecting nothing in return, in this Transaction !!*

*A time when the logic of Mind Stops,
And the beautiful magic of Heart Starts,
A taciturn state, A Heart-to-Heart talk Prevail,
Language of Love, words fall behind Trail !!*

*Lots **Of Valuable Energy** (LOVE) for Sure,
A feeling beyond description, which Rapture ,
We Don't Fall in Love, but We Rise,
As LOVE, is nothing but an Earthly Paradise !!!*

Parents - A Blessing !!!

*Parents are a blessing in one's Life
Without them suddenly, Life is Pale and Strife.
We stay young all while in their Presence
Suddenly we become elders in their Absence,
Their selfless Love is Boundless,
And the affection is Timeless,
Where everything in the world is an Arrangement,
They are God's blessing, which needs no Judgement,
Love the feeling of sleeping in their Lap,
How do I fulfil this feeling, in such a Mishap??
Miss You Dear Parents!!!!*

SILENCE !!!

*The Sheer utterance of it Breaks it,
A rare commodity, people rarely Think of it.
Power of Silence if known, is Manifold
Realize it, and there's more to Behold !!*

*A baby grows in Silence,
A flower blossoms in Silence,
Prayers are given in Silence,
Nature announces in Silence.*

*We all sleep into Silence,
And wake up into Silence,
When everything can happen in Silence
Why are words needed to break this Silence?*

*If Life has silenced you, for a Reason,
Try to work all your energies in Unison,
You- the selected one by God, in all Accordance,
For Great things always happened in Silence.*

*When the outside noise is Silenced,
The Inner voice of conscience is Heard,
Let's put the waves of thoughts, to Silence,
Thence, Depths of SELF is seen in Abundance.*

*Be like a caterpillar, meditate in Silence,
To grow into a beautiful butterfly in Silence,
Fly and spread the happiness in Silence,
To taste the nectar of Life in Silence...*

Because Nothing but, Silence is food for OUR Soul!!!

YOU are

*YOU are... the curve of my Smile,
YOU are... the thought behind my Poem,
YOU are... the feel behind my Expression,
YOU are... the strength in my Energy,
YOU are... the rhythm in my Song,
YOU are... the freshness in my Breath,
YOU are... the happiness in my Laugh,

YOU are... the Light of my Life!!!
YOU are...Everything !!!*

Medley of Piano keys!!

*Piano keys black and White
Have lots to learn from it Upright
An intermittent play of Keys
Life is black and white in various Degrees!!*

*Fingers roll over keys Magically
Not leaving anything for long in Perpetuity
Fingers leap from one black key to White
Sometimes white or black, for long at Sight!!*

*So goes - Life which is Recondite
Every life is not the same blend, of Black and White
The Outcome being, a melodious mystic Outright
That's the Rhythm of Life, Understood by the Erudite!!*

IS LOVE ?. SHACKLED???

*There is No commentary for Love
Because there is No language for Love
There is No Boundary for Love
Because there are No Limitations for Love
There are No Rules for Love
Because there are No Laws for Love
Truly, a feeling undefined is Love
Heart to Heart talk deluged, is Love
A state of pleasantness is Love
Sweet Emotions, sprouting is Love
Enjoy the feeling with someone, be in Love
Not expecting anything in return, except Love
Intently, Genuinely and Unconditionally be in LOVE
Because the Ultimate expression of LIFE, is LOVE!!!*

True Friendship?..!!!

*Friendship is like a breathing Rose
With freshness in it every Fold
A True friend is a Gem in any Setting
It is like good health, seldom known until its Regretting.*

*True friends are like Life Balms
Healing thousand illness in our Qualms
A Tender sympathy, which disperses the darkness of Despair
And brings in the sunshine of Hope and Cheer*

*True friends build our Confidence
Rather than destroying in our Self
Friends in my adversity, are Life Fragrances
Fair-weather-friends are just Acquaintances..*

*Friendship, is the harvest of our Sowing
So, sow rich with sympathy, helpfulness and love for it Growing
True friendship is more priceless than material Possession
Because a True friend is a silent partner, leaves a Lifelong Impression!!*

*With You, I lose my very Existence
Without You, its sheer Subsistence*

*With You, words seem to Stream
Without You, words go below Extreme!*

*With You, mere presence smiles Beam
Without You, loneliness is sullen Glean!!*

*With You, smiles become Laughter

*With You, life is dramatic like a Rainbow
Without You, life is tempestuous Tornado!!*

Time spent together strengthens the Bond,
Nothing in the world can replenish it Beyond.*

*Nothing replaces the best times of Marriage,
An institute which you can't Disparage.
A new start for a bond which is Sempiternal
And each becomes a part of the Other.*

*Joys are multiplied and Sorrows are Divided
Where WEgo comes before Ego or Igo..
Only place where you Win by losing an Ego War...
There's a sweet beginning after every Cold War.*

*Tough times pass on, but nothing Manifests.
As a rich bond of love and affection Pervades.

Life is not a Chance !!

*Life is not a Chance
To harrow on every Circumstance
Life is a well-crafted Game
Played with events as they Came!!*

*Life is all about living with Satisfaction
And playing the cards without Reaction
Play the cards of poise, balance and Harmony
And see life blooms wonderfully, in Testimony*

*Life is living every moment in Reality
Not to live in anticipation, a Fantasy
In the chambers of mind lies the link of Divinity
Find it and life has so much store in Infinity*

*Life's happiness unfolds Mysteriously
Taking us to levels of mental poise Gracefully
Then, Life is just a game free of Stress
Where you live in it unaffected, till you Rest!!!*

HEAR Your HEART!!!

*The Heart, always creates Commotion
Wants always undue Attention
Measures size of a Fist
Powerful enough to render life a Twist*

*Reigns the entire Body
Not a minute it rests, in its Entirety
Elated when it hears, life's: Exciting
Depressed when discerning fate's, Devastating*

*A store house of feelings, in Immense
Just as its murmur of Lub-Love, waits for Love
And its Dub-Dubbed, Spreads out Affection...
Works round the clock, with Perfection!!*

*Worries, sadness changes the rhythm of Heart
Let Self-discipline rule core of Heart
And let the compass of your goal, take Form
And guide your life in every Storm!!!*

*It's always a state of ART
so "Hear" the murmur of the "Heart "
Let's not the Heat of Heart Disrupt
Tie it with a Goal which does not Depart!!!*

My Destination of LIFE !!

*Branch was I, on a standalone Tree,
Sky was my roof in all Spree.
The cool breeze was my Breath,
With nature my comfort, at all Stretch.*

*Rains refreshed me, cleaned my Impurity,
Fresh I look clean and green, in all Certainty!!
Gave rest to many and enjoyed life in Sanctity,
Birds and New life sprung on me in all Versatility,*

*Never knew how I grew, my Own Way,
Grew in all directions, taking Life Astray.
Straight, crooked, bent, with full of Life,
With no boundaries, as happiness ran Rife.*

*A new Dawn and wisdom dawned on Me,
Is this- what life is, as nobody cares of Me
Wait starts, who would take me to Thee on this Journey,
For all, to commence a new life, to whom I am at Mercy.
All of me thrives, the Woodcutter Arrives,
It's Time for me to know, what is left out of Lives.
Wondering where would I Meander and Land,
Life a trackless sand, which I don't Understand.*

*The contorted ones went to the Kitchen,
Nothing saved them, and they were put to Ignition.
The ones, Strengthened with Yoga and Dedication,
The Undeviating, Furniture mart was their Destination.*

*The ones who cultivated their Mind,
Exuded fragrance, with Emotions left Behind,
No wonder, they are the better of the Lot,
Almighty was carved out of them, with Great Thought.*

*But this was not the end of the Journey...
More to come to know the Almighty.
Sadhana and Vairagya, became my Lifestyle,
Which made my life Worthwhile!!*

*I started exuviating my Emotions and Ahamkara,
Inner core got hollow, devoid of Raga.
That's when, I was wood so Precise,
Time to reach the Almighty's Paradise.*

*At last was I, a flute in my Krishna's hands
An end of a long journey, an end to Life's Demands.
Divinely and devoutly, in me Krishna breathes His Life
A Transcendental flow of Ragas', an end of Life's Strife....*

Sunflower ? You Tower !!

*Sunflower not a single flower, but a Bouquet
Feel so bright and is a symbol of Cachet
They are so inviting and Synchronizing
Unity among them, which is really Mesmerizing*

*Sun rises and they gear up to face it Boldly
Wend along with the Sun's path Duly
Signifies, it's time to face a new beginning everyday
As each day is unique in its own Way!*

*Despite knowing that, their life is Short
They don't lose their brightest side, in every Sort
With seeds of Joy and Happiness, Bloom Daily
Rejuvenate itself in the dark nights, to face Life Gaily!!*

BEAUTY ?What does it Mean ???

What does Beauty really Mean...?

Is it, the eyes which Perceive?

Or is it, the Heart which Feel...?

Beauty of external skin, is this what people feel...?

Is, beauty to be perceived this Way...?

Or else, its beyond skin deep, some Say!!

The eyes glimpse the aggregate, External

Whereas the heart senses, the Unfeigned Internal.

Beauty lies in the eyes of Beholder?

A change of beholder, do we take this to Consider

A Beauty which is transitory is never a Beauty

A beauty which is permanent is Indubitably Beauty

Nature which is permanent is always Beautiful

Beauty cognized by the heart is always Beautiful

This beauty, stands the very test of Time

And is perfect, in all ways in every Paradigm!!

So let the eyes not delude You

It's time the Hidden Heart speaks Through!!

Chocolate Day !!!

*Today is Chocolate Day
A day to melt you away

Never Late for my Valentine, LOVE an Evergreen Feeling !!!

Solitude or Loneliness !!

Solitude or Loneliness

Always used Interchangeably

Do they really mean the Same?

No, they are contrast in life Game.

Loneliness, a feeling of Wanting

A feeling of Incompleteness!!

Solitude is a wanting of Aloneness

And a feeling of Completeness!!

Loneliness is fate's Destiny

Solitude is makers choice in Contrary

Loneliness leaves us in Depression

Solitude gives way for Inner Expression...

When the external noise has Silenced

An unvoiced Silence Emerges

Like the Deep waters of the Sea

Like the Heights of the Sky

Like the stillness of the Nights

Like the pristine silence of Mothers' Womb

In the silent unrippled Interiors

The Inner Voice is Heard

Then it's just Conscious Living

And just not Compulsive living.

When Conscious living sets in

No scope of Loneliness pervades

It's just the power of Solitude pervades

We are called Human Beings

*Just **BEING** with ourselves Defines **HUMAN!!***

And a feeling of completeness be Transcended!!

Times when the swing is stuck on this end of life
Let Opportunity of positivity usher it to the other end*

*Swings of life are ineluctable
But, let us be a doorkeeper of the mind
Allowing the entry of positive swings
And let breeze of motivation be its escort, as Life Springs!!*

Bits of LIFE !!!

*When hope eludes us
And life's struggle is upslope
Nothing seems brighter
Except the daylight*

*Time to relook into the Eye(I) piece
Of Kaleidoscope of Life
A turn and a twist, the bits get arranged
For a new brighter possibility of life*

*Keep swiveling,
Not to lose your axis, focus on Life
And see how dramatic
The Bits of Life Kaleidoscope rearrange
To unknown dramatic events of LIFE !!!*

Hunger's Den :)

*A place of destructive instruments
Used artistically to carve out a Fruit carving
A place where flame lights
And turns out raw vegetables to a craving
A place of creativity
Magically turns to delicacies with crafting
A place where love and affection
Unseen, but infused in every serving
What better place can it be
A place in the house, needs no introduction
The place of Silent Passion -The Kitchen !!*

A New Touch !!

*A new touch
Cells spring to protection
Feeling its foreign
Heart bounces to action
Proclaiming its love in adoration
Hormones resonate in their location
Spring out the love hormone, in fascination
Desire sprouts in new buds
Leaving me in euphoria, leaving me nuts
What a mesmerizing feeling
Cannot escape it from my memory
"A TOUCH OF YOU" leaves me in ecstasy !!*

LifeSpan !!

*Lifespan, spans a few years
But if you want your Life to Span
Beyond your Span of Life
Then Span your thoughts and Actions
Beyond Yourself to the Self in Everyone
Expand your Span and
Watch how Life spans tremendously !!*

Deadlines.

*Deadlines, Life's Unseen lines
Modus operandi to achieve our targets
Goal of life most distant
Encapsulate them in chunks Of deadlines
Because each Deadline
Is the start of Another in Line
To reach your Goal in No TIME !!*

Natural CURTAINS !!

*Eye lids, natural curtains for the eyes
They are the savior of our priceless Eye(I)
As night sets in
And when the drama of the day ends
They naturally droop, to drop off
Sunlight triggers them, to open automatically
For a bright and focusing day
But at times of the day,
Let the natural curtains be closed intentionally
When the deep inner world, is being explored
And when the Eye turns inward for the "I" !!*

The first showers of Rain
The moment when raindrops kiss
The arid land, the magic happens

Leaves me cuddling in your arms
In shelter of Love
As the tender showers continue their
Romance with the Land...
I melt in your arms...*
