Make Yourself Happy

If You Are...

Little Duckling On An Adventure

## Make Yourself Happy

Make yourself happy:

There'll be millions telling you to be happy,  
but it's only you who will decide how to be the one.

Make yourself happy:

You don't need anyone to be the cause of your happiness,  
be the reason yourself.

Make yourself happy:

Find the source of your happiness,  
you'll be the most fortunate person in the world.

Make yourself happy:

There'll be many making you unhappy,  
but it's only your responsibility to be joyful.

## If You Are...

If you are fat  
people say you eat too much.

If you are thin  
people say you eat too little.

If you are beautiful  
people say you shouldn't go outside often.

If you are ugly  
people say you should find a way to become pretty.

If you're tall  
people say you look like a tower.

If you are short  
people say you look like a dwarf.

If you are clever  
people say you don't have to be that clever.

If you are innocent  
people say anybody can fool you easily.

There are always some people  
who find your flaws in one thing or the other.  
So never listen to them  
and believe that you are where you should be.

## Little Duckling On An Adventure

Little duckling on an adventure,  
passing through a forest  
the monkeys gave him bananas,  
the bees gave him honey.

Little duckling on an adventure  
passing through the mountains,  
picked the apples and the cherries,  
which tasted very juicy.

Little duckling on an adventure  
passing through the oceans  
swam with the fishes,  
which fulfilled all his wishes.
