## Caterpillar

When you make mistakes  
you learn something new.  
You have to take some risks  
to make your dreams come true.  
Hold your head high  
when times get bad.  
You have got to live your life  
and remember what you had.  
Live your life magically  
with nothing to forget.  
Live each day with a purpose  
never have anything to regret.  
There is no such thing as giving up.  
Always give it another try.  
Just when the caterpillar thought the world was over,  
it became a butterfly.

## Crazy Love

Look at you  
Then look at me  
People wondered  
How could it even be?  
You and I are not alike  
But in our case opposites attract  
You make my heart wild  
It does not know how to act  
You saved me from the dark side  
And will hold my hand for the rest of time  
I have your heart  
And forever you will have mine  
You are my protector  
You are my best friend  
I will be happy with you  
Until the very end.  
It may not be good all the time  
But we overcome all  
I never need to worry  
Because you'll catch me if i fall  
You love my imperfections  
You make me feel complete  
I do not have to worry you will leave me  
Our love is concrete  
You will go without to get me what I need  
You make me laugh when no one else can  
We found each other when the time was right  
You're my soulmate, my man

For the rest of our lives  
With the world against ourselves  
I'd rather be crazy with you  
Than be sane with anyone else

## Impossible

I catch myself in a memory  
sad just like the rest.  
You kept breaking my heart  
and putting me through this cruel test.

I would have done anything  
my feelings were so strong.  
I keep waiting for you  
but I was in the wrong.

I stopped believing  
and tried to move on from you.  
But my heart keeps breaking  
no matter what I do.

I long to hear your voice again  
It is impossible to be together.  
Waiting for you is just disappointing  
and it will never get better.

## Joker

She gave him all the chances,  
And tried to make him change his ways  
But he was caught up in the anarchy,  
latching on to the latest craze.

Why so serious?  
Why so mysteriously dark?  
With his mischievous grin  
That can set a fire from a spark.

No one is laughing now though  
As she dances with the devil in disguise  
What doesn't kill you simply makes you stranger,  
The pale moonlight reflects in his eyes.

People get what they deserve  
But she did not deserve the pain.  
Maybe he was not mad at all,  
Just differently sane.

It's a funny world we live in  
All she tried to do was bring him light  
But he showed her who he really was  
A monster in the night.

Here's the tale of a chaotic romance  
And how he finally broke her.  
In the world of madness,  
Never give your love to a joker.

## Liars Are The Best

The truth seems overrated  
and the lies never end.  
The way you played the game  
to you, it was all pretend.

With words so broken  
laid to rest beyond the dead.  
My heart is shattered  
from every lie you said.

I believed them all though  
and now all I feel is pain.  
You took away my innocence  
and left me nothing to gain.

One day may I find out the truth  
before my final rest.  
If you want a broken heart  
Liars are the best.

## Two Worlds Apart

This is getting so confusing  
what is a girl to do?  
I am crazy about him  
but I am in love with you.

I try to be faithful  
and I try to be fair.  
I try to fight this feeling  
but temptation is always there.

Both of their smiles  
can completely shake up my world.  
Who knew that love  
could take me on such a swirl.

I know I have to make a decision  
and one romance I will have to end.  
I am stuck between two worlds  
no longer can I pretend.

It is driving me insane  
and tearing me apart.  
But how can I possibly choose  
when they both have my heart?

## The Best Revenge

They say an eye for an eye  
can leave the whole world blind.  
So all I can do is pick up the pieces  
of the mess you left behind.

I never knew you were capable  
Of acting so cruel and cold.  
But everyone has another side,  
and another story to be told.

Words can never be unsaid,  
Just like actions cannot be undone.  
You reap what you sew  
This battle can never be won.

You gave up all hope  
when you said you would always fight.  
Only the strong can survive  
the terrors through the night.

I will move on with all these pieces  
and you will never be missed .  
The best revenge is no revenge,  
just forget that you exist.

## Afraid of Your Words

These thoughts fill my head  
of memories I cannot keep.  
The secrets that hide  
tear me apart deep.  
A simple smile  
a total waste of time.  
How words can change everything  
just tell me I will be fine.  
I want to hear  
an apology, not a lie.  
Will I ever hear it?  
Or will you say goodbye?  
The dreams I want  
it makes my heart weak.  
Tell me you are sorry  
I'm afraid of the words you speak.

## Foolishly

The silence is killing me  
Please give me a sign.  
I need to hear your voice  
at least just one more time.

I have loved you from the very start,  
a feeling I have never felt before .  
When your lips touched mine  
It left me craving more.

But what felt so real to me  
was just a game to you.  
Why are you like this?  
You see the torture you put me through.

I have to hold my head high  
And try so hard to be strong.  
I cared too much  
And was played with all along.

I just wanted us together  
I thought we were meant to be.  
I foolishly fell in love  
With someone who never loved me.

## An Hour After Midnight

Dressed to kill  
but no where to go.  
A fairytale disaster  
put on a show.  
I do not need a prince  
to have a happy ending.  
I will not lose  
and I will not stop pretending.  
I will hold my head high  
keep my heart strong.  
Because this Cinderella  
will not get this time wrong.  
Will another prince find my heart?  
Or just another stupid shoe?  
I will wait an hour after midnight  
to know my fairytale will not come true.

## Another Chance

People do change  
and things go wrong.  
You are too weak  
and I am too strong.  
I am moving on  
and you are stuck in the past.  
Just let me go  
because we were not meant to last.  
I did not love you  
like I love him now.  
I hear your questions  
you ask me why and how.  
Wish me luck this time  
I wish you luck too.  
I gave love another chance,  
it just was not with you.

## Ashes to Ashes

Ashes to ashes  
dust to dust.  
My hope is wearing thin  
with everyone I trust.  
You tell me you love me  
yet I spend every night  
thinking and thinking  
you are not worth this fight.  
I cannot love someone  
who leaves me so abused.  
I need someone better  
who doesn't leave me feeling used.  
You think I am weak  
and will not make it on my own.  
I was fine before you  
I will be fine left alone.  
Ashes to ashes  
dust to dust  
I am moving on  
leaving you in disgust.

## Once Upon A Time

How quickly time has passed  
And how we became out of touch.  
But every once in awhile  
My heart misses you so much.

I remember all the late nights  
And how we talked until sunrise.  
My heart would race so much  
Every time I looked into your eyes.

We both found a new love  
But it feels different than it was with you.  
I guess we never really move on  
From a feeling that was so true.

He may be my soul mate  
where you were my partner in crime.  
He is my happily ever after  
But you were my once upon a time.

## Beautiful Stranger

Some things in life are unexpected  
and they can change your life for the best.  
Love can make it an easy,  
this feeling is unlike the rest.

You have to give it your all  
or lose something good.  
Just because everyone is doing it,  
that doesn't mean you should.

Look inside your heart  
and believe what is true.  
Is love at first sight real?  
I feel it between me and you.

Just for a moment  
when your eyes first met mine  
i knew it was fate,  
a perfect moment in time.

My heart said go for it  
but I was so scared inside.  
I took the chance  
just to say that I tried.

Then the heartbreak happened  
when I knew we were in danger.  
I'm just stuck falling in love  
with a beautiful stranger.

## Amor Omnia Vincit

There is only one thing that can save you  
but it can also tear you apart.  
It gives off such a sensation  
like butterflies in your heart.  
There is that one person out there  
who will show you something true.  
My magical moment came  
the second I met you.  
You took away the pain  
and showed me sunshine.  
Hold my hand and never let go  
please can you be mine?  
This love we have  
will break all the rules.  
It makes us do crazy things  
and that makes it so beautiful.  
There is only one thing that can save us  
and catch us as we fall.  
Amor Omnia Vincit  
love does conquer all.

## You Will Be My Hero

These days spent without you  
have been complete and utter hell.  
So many words left unsaid  
but all we did was yell.  
It is hard to be strong  
and impossible to move on.  
I made a mistake  
with you is where I belong.  
I am sorry for my mistakes  
just wait for me a little longer.  
I will be in your arms soon  
and our love will only get stronger.  
I will take all the pain away  
it was I was meant to do.  
You will always be my hero  
and I hope I can be yours too.

## Lover's Roulette

Everyone feels love differently,  
some say it is the worst.  
It can be a blessing,  
or sometimes be a curse.  
The gamble of a chance  
with your heart as the prize,  
Anxiously waiting  
to see if the passion survives.  
It does not seem fair  
that someone can have that much control  
They could set a fire  
deep down in your soul.  
Love can make you go crazy,  
it could make you go mad,  
but it could also be  
the best feeling you ever had.  
Or it can leave you in shambles,  
full of dread and regret.  
It is a quite the risk you take,  
when you play the game of a lover's roulette.
