Burning

Burning

Regret is what I live with
your guilt is all I'm left with
jaded is how I'm feeling
your face is all I'm seeing

You don't want to make me make you feel the way I do about you every day,
it's just the same thing over and over again,
like a cycle of never ending torment
-Why can't you understand what I'm trying to say...
[JUST GET AWAY FROM ME!]- (Pre-chorus)

-This burning inside
is killing my pride
I can't stop all this pain
from reaching my brain
I'm bleeding again
cause my skin is so thin
when all of this ends
I'll be burning again- (Chorus)

As I come from the darkness
light can't touch my dull face
cornered and trapped inside a maze,
I feel like my head is in a daze

You don't want to make me make you tear out all the pain inside me,
it's only irritating and dissipating,
like a cycle of never ending torment
Why can't you understand what I'm trying to say...
JUST GET AWAY FROM ME!

This burning inside
Is killing my pride
I can't stop all this pain
From reaching my brain
I'm bleeding again
Cause my skin is so thin
When all of this ends
I'll be burning again

It's all inside my head
I can't think of what you said
all the pieces spiraling down
all the pictures scrambled around
all the times I've tried to compensate
all the mind games I've failed at day to day

Just get away
Just get away
Just get away
Just get away
Just get away
Just get away
Just get away
Just get away

This burning inside
Is killing my pride
I can't stop all this pain
From reaching my brain
I'm bleeding again
Cause my skin is so thin
When all of this ends
I'll be burning again

Never let me Breathe

Never let me Breathe

My mind is lost
I'm out of place
Don't know the cost
I have to face

I've seen it all
There's not much to see
I tend to fall
When you look down at me

-I can't sit around here anymore
cause you won't listen to me
I won't stand around here anymore
cause you never let me breathe-(Chorus)

I come down here
Just to watch you crawl
I make your fear
Stronger than you are

One day you'll realize
Just how far you can get
Without me in your life
Saying how far you will get

-I can't sit around here anymore
cause you won't listen to me
I won't stand around here anymore
cause you never let me breathe-(Chorus)

You don't know how hard it is for me

to say anything good about your lies
You're just a remnant of bliss to me
but I was wrong when you were right

Now the tables have turned
I was right and you were wrong
And I'm the one who got burned
I'll take you back where you belong

-I can't sit around here anymore
cause you won't listen to me
I won't stand around here anymore
cause you never let me breathe-(Chorus)

Break Away

Break Away

I think I'm in way over my head because
I'm drowning
I think I've had enough of this masquerade
I'm leaving

-I need to break away
I have to turn the page
Don't want to feel this way
I need to find my place- (Chorus)

I want to stop breathing your lies every day
they don't change
I think you should leave me alone so I can
waste away
I'll never be there for you don't care if you're
trying to
Is there ever an end to this because I
want to know

I need to break away
I have to turn the page
Don't want to feel this way
I need to find my place

I'll never be there for you don't care if you
think you are
I've been running from something but I haven't
gone too far

I need to break away
I have to turn the page

Don't want to feel this way
I need to find my place
I need to break away
I have to turn the page
Tired of feeling this way
Why can't I find my place?

Fade

Fade

Everything happens for a reason
Everything changes with the seasons
and I don't know how else to explain
the tension that increases my pain, but
I won't be okay
I'll swim in my pain
I'll try to stay sane
but I know I'll fade

-I alone knew what was real
and now I don't know how I feel
but one day I'll be looking back
at all the times I've been stabbed in the back- (Chorus)

I don't think that this was a mistake
and I know for sure nothing will change
the memories that have been left in vain
guess I'm just supposed to feel ashamed
I am not okay
I've drown in my pain
haven't been the same
since I began to fade

I alone knew what was real
and now I don't know how I feel
but one day I'll be looking back
at all the times I've been stabbed in the back

Don't think I'm okay
since I swallow my pain
I'll never be the same

until I cannot fade

I alone knew what was real
and now I don't know how I feel
but one day I'll be looking back
at all the times I've been stabbed in the back
