Acknowledgement

To have an idea, you need a creative mind and to initiate that idea, you need a backbone. Behind this anthology also , we had an idea, which gives aspiring writers space not only to write, but also to describe their feelings and to publish it with some creative poems and prose. To initiate this idea , we had with us the team. Thanks to the team of SH PUBLICATION for their support, their cover designing and allowing us to initiate our idea. A special thanks to the founders for giving me this opportunity through this project and making it successful in a short period with his energetic and active team without whom this project would not have been possible. A thanks to my Family firstly who supported me every time throughout the journey I thank myself for successfully completing this book in just 15 days. I have wanted to write for so long and now I have completed the dream.

Physiological Barriers

*Physiological barriers
People see the defect,
Didn't even watching the effect,
People are adversely in pain,
But we see them in vain,
People cry realising their lack,
And we judge them without being acknowledge.
They smile to make people laugh,
But we see them smiling without watching their struggle,
They are quite different,
But their life is the most difficult.
We all are fed up of our lives,
But we don't realize their life,
When we get hurt we cry,
The pain is temporary,
But what if the pain if for the rest life,
Facing it and even making it people realise.
Barriers while we talk,
Barriers while we convey,
Barriers while we express,
Barriers while we walk,
Barriers while we try to be normal,
Nothing is easy,
Only they can show gutsy....*

I Remember

*I remember the day I met you,
We had a conversation,
And I left you,
The dark moments of your life,
I wasn't with you.*

*I remember the day I met you,
You were on the edge to cry,
You tried to hide your pain,
But I saw it within your smiling face.*

*I remember the day I met you,
I heard you crying,
I saw your running tears,
I wasn't able to control but it was a dare to handle you.*

*I remember the day I met you,
I saw a beautiful human being,
A golden hearted girl,
Which was only you...*

MEET ME

*Meet me in the present,
I am waiting for you,
You are my life,
I will be happy to see you,
I started writing for you,
My words are dedicated to you,
It made me sad,
Even if I thought I would lose you.*

*Meet me in the future,
I will be waiting for you,
Be with me till my last breath,
My lady breath will be for you,
In my last days,
I will smile because of you,
Even in the darkest hours of my life,
Just stay with me,
I will be alone without you.*

*Meet me in the heaven,
My tears will burst to see you,
In the whole journey of life,
I will remember that is only you,
Stay with me there,
It will be the best time after death with you...*

I want you back

*I want you back in my life,
I want that beautiful memories to occur again,
I want your presence untill that my tears will run like rain,
I want your anger,
I want your love,
I want you to be here for the rest,
And it's a last request...*

My Friend

*In the dark night,
I was all alone finding my own light,
Being at the stage to lose my smile,
I was yet finding reasons to make people smile,
Watching the moon rays,
I was trying to find my ways,
Resting in peace at the rooftop,
My tears were difficult to stop,
After remembering you my friend,
I was back with a smile,
And my tears were about to end...*

Journey of My Life??

*When the new journey started,
I was scared that now how we will manage everything,
We had nothing,
We were not able to buy anything,
Saving a single penny was our habit,
But our family didn't had shame of bit,
The days were quite difficult,
We all were tumult,
Crying hearts had a smiling face,
But the time was running very pace,
We all needed was just free space,
Our heart was full of emotions,
But had no one in that worst situation,
Started living without anyone,
We tried to stay happy without any reason...

There's Alot More...

My life...

My life isn't stopped,

There's alot more

Alot more to live ,

Alot more to face,

Alot more to suffer,

Alot more to discover,

Alot more to find the joys of life,

Alot more to learn,

There's alot more in life to do...not only to think we don't have any reason to live our life.....

Blossom

*Blossom of the trees,
Makes me stress free,
A smile comes on my face,
When I see the my solace,
Storms and calamities,
Makes me realize,
The struggles of my life,
And a hope to overcome comes,
By the blooming flowers on the roadside.*

In the Night...

In the night

I wanna hold you tight ,

Express My Feelings for you,

Which were burried from the first light,

I was in the darkest hours of life ,

When I saw you , my life turned bright ,

knowing the truth you can't be mine,

I still love you at every aspect of life,

In the night ,

I wanna hold you tight,

Make you smile till every second of my life,

Confess the truth and relief my self from the unknown feelings of mine ,

In the end ,

I wanna hug you till the sun shine,

And say stay with me for the rest of my life....

Be with me

*Be with me for the rest of life,
Hold my hands tight,
Thank you for the beautiful memories,
You are the best one to advice,
You pull me upright,
You make me smile,
When you are with me,
The day is more harmosa and juvenile...*

TEACHER - THE LIGHT OF LIFE

*In the dark night,
You're the light,
You're the sign,
When there's no way,
You're the ray,
Giving us the knowledge,
You are the enlightenment of our way,
You're the alay....*

THANK YOU NOTE FOR A TEACHER

*Thank you for understanding me,
Thank you for making me understand the right,
Thank you for guiding me,
Thank you for giving me knowledge,
Thank you for being one of the best teachers I met,
Thank you for the things you taught me,
Thank you for being an integral part of life...*
