Anthology of VenneKing

Presented by

My poetic Side

summary

Those Days

Is My Love True?

Nature

Hate

Why?

Trust

Tell me

Love is Love

Don't play with me

Like a pale leaf

Perplexity of this moment

For those days

Surrender

Longing an admiration

Those Days

I wanna cherish;
Those days of life
In which I lived
And felt alive

Not today is the day
To hinder
To mingle in the air
Tough it is

Just see me
I promise you
My vengeance will be hard on you
You ruined our lives

Just stay aback
I'm gonna show you
What I can
And I will do

~VenneKing

Is My Love True?

When I saw him
For the first time
My heart popped up
Like a shooting star

His light brown eyes
Fills me with shy
I turn red
Like a sun

But the world
Is so harsh
It doesn't say us right
It tears us apart

We too have heart
And our mind
We aren't some pervs
Who make world die

Why this objection?
Is my question
Ain't us humans
Who wish to fill strong

~ VenneKing

Nature

Elegance betrothed
In my penchant
I am so drawn
Towards this dawn

Like a diamond
Shines the sun
With its blazing rays
It makes us warm
With its sparkling light
It makes things shine
Even moons and planets are of that kind

Like a horse
The wind runs carefree
Runs through fields
And my skin
Fills me with pride
Makes me alive
I thank thy lord
For the lovely wind

Like a woman
A forest lies
With its roles
And duties abide
Cares for all
Listens none
Shelters birds
And shade to sun

~VenneKing

Hate

What?
What is it that you reckon now?
What is it that broke you out?
Is there anything strong than hatred?

I don't know
what's gotten into me
I just know
it is eating me alive

Nothing I do
Matters now
I've turned cold
From my warmth of kind

Melt me up
I don't want this
I'm all cold
Somebody help me

I'm all alone
In this fight with nobody
Just me and mine
Ego prevails it is
I'm all cold
Someone melt me

~VenneKing

Why?

I just ponder sometimes
Why God exists?
I am just confirmed
That it is 'HE'
No wonder all
Grievances are 'bout 'SHE' and 'THEY'
He conspired the laws against 'em

I wanna question
The Almighty
Are those only locks
Can't they be keys

No civilization may begun
Without them
Yet so deprived
To be called civil

Just why?
I ask it
It's my right
Can someone answer it?

Trust

Strong like a diamond
Merrily it shines
Do not break it
It's too fragile

Once broken
It is too hard
To combine the pieces
And make it shine
Too hard

No matter how much I try
I think that now
My day is rued
Due to my insecure aura

I don't know
What's wrong with me
I cannot trust anybody
No one
Literally can make me believe
I'll be just fine if I trust him

~VenneKing

Tell me

Tell him
Someone
Not to make this mistake
That he'll repent
Forever

Tell me
Someone
Not to overthink him
Not to detest
My gut's feeling
Still when my heart
Doesn't align with it

What to do
In this tragedy
I'm losing my mind
Somebody tell me

Dawn upon A bright sunshine
That gives me hope
To fight it
Somehow

To slay the grieved
Desire of mine
To talk to him
Who made me cry

~VenneKing

Love is Love

Who decided? I ask Whether love is sexual or gender I think no none Has the right to decide Who loves who And of what kind What's our fault To be born like this Aren't we for god sake Just mere human beings Why so cold and stone Towards us Don't we have a right to love someone We are not some pervs We're just humans Mothers and Fathers who decides What their offspring's gender be? Do not forget You can't ignore us We lie in you And you lie in us We're no different than you We live in the same world Just for once Trust us And give us a chance To express us ~VenneKing

Don't play with me

Something there is
Between us
Even when everything is over
Something is still left

Believe me when I say it
I try
I try very hard
To not think of you
But still
End up mentally
Talking to you

No love nor hate
Just emptiness
When I think of you
What is it?
I don't know
I truly don't

All efforts in vain
When I see your face
With those stunning eyes
With those ramparts of hair
On your forehead

All coldness is washed
All hate is gone
I don't know how to curb it
I'm in a dilemma now

What to do?
Oh lord! Help me!

Someone gimme a piece of mind
To fight it
To understand it
What happened
And why is it so?

You and only you can answer my query
I'm distressed
Moreover possessed
By your voice
By your face
With those brown eyes
Captivating me

Oh my! How and why you so spellbinding?
That all my efforts in vain
When you take my name

More perplexity
Overwhelms me
Urges me to ask you
Why you doing so?
Are you too not over me?

But in past, you've made it clear
That you want nothing to do with me
Then why such uncanny
Why such confusion
To pop into my mind
Can't you just tell me

A hollowness
A feeling of being empty
Superimposes itself
Over my sanity
All efforts in vain

With just a letter of your
Royal name

Can you be less eccentric
You've changed me entirely
Just stop it now
I don't want you
I've made peace with it

But somewhere in my heart
It still desires you
Longs for you
To listen me
To understand me
To caress me

Do not give me false hopes
I'm tired of it
If you can't fulfill 'em
Just don't talk to me
I've lived it once
Succumbing to you wholeheartedly
But left with defeat
I'm scared of again falling for it
Is it a trap
To entangle me?

Like a pale leaf

Like a pale leaf
Ready to be shed
All the green in me
Has now left

That
Which meant everything
Is Over.
The bubble in which I lived
Is finally over

I've learned my lesson
The epistemology of moving on
Is a gift
Which has been
Given to me

No wonder
No matter
How much I cry now
Once what I had
Is now lost

No regret
No resent
Even a shrink of it
Is left in me

I've come
To that
In peace
Like a pale leaf

Perplexity of this moment

I'm filled with perplexity
Deep neck in tragedy
Of my inner mind
and my conscience

The truth I so believed
I stood for
is now seemingly blurry
I'm totally puzzled
By this irony

What I believed
What I set my mind to
Is now somewhat unsure
to me

What
Why
So many questions
and seemingly unanswered to me
I've learned from life
to move with time
But this challenging turn of events
has totally awestruck me

Has it ever happened to you
Or is it just me
Who is drowning
effortlessly
In this tragedy

For those days

For the days
in which
we feel trapped

Trapped within ourselves
Our toxic mindset
Completely helpless
With no sense
Of what's gonna be next

I'm gonna share my piece of mind
With myself and y' all
That nothing
Nothin'
Is eternal
It's all gonna end someday
At a certain point

Grasses aren't always green
Nor does autumn can for ever
Hide the beautiful spring

You just have to wait
And develop a hustle within yourself
Hustle to change
Change for better
And for good

And then just wait
For the miracle to happen

Surrender

Succumb to it
Will you?
What choice do you have?

Is there anyone here
Who hasn't been there?

We all agree
That it is fundamental
To hate
To be green with envy

But what is great
Is the art to love
To accept
To devote oneself
In another
Like fish does to water

To accept one's flaws
Imperfections as they are
Is a great thing
But rare to me

Longing an admiration

Longing to find anyone who sees me
Of what an eccentric I find myself to be
Raising like a tremor of desire which is long unheard
Falling into oblivion which is seemingly near
Can't help but I am screaming
Wanting someone to soon stop it
To see me
To admire me
To tell me what I am
I am beautiful
I am wonderful
Need to hear these words from him
But leaving it all on my destiny
I am long awaiting
For the right moment
And the person to just hold me for the life forever ??
