Chocolaty Dreams

She came
close to me
suddenly,
whispered softly-
Look at me
My prince!
All dreams became chocolaty
When I saw-
My reflection
in her twinkling eyes!

You Are the Whole Creation

In deep moments of love
While you're in my arms
Feel like -
I have won the whole world!
With every supernatural kiss
Realizes that
Every star in the sky
Is becoming mine!!
Beats are very excited
Waiting for us to be one
The Sky has gone crazy
The Earth is getting absorbed
In the Sky!
Galaxies are so much eager
To see all of this,
Yes!
Darling,
You are the whole creation
In yourself...!!

Between Two Thrilling Moments

A moment,
Felt that -
Got everything!
Another moment,
Felt that -
Lost everything!
Between these two thrilling moments,
The journey is -
From egoism to meekness,
From excitation to calmness,
From inattentiveness to contemplation,
From suspension to meditation,
From paralogism to truth,
From illusion to sooth.
For centuries
In making
A human being to a good human being,
This journey has faithfully done its work,
This sequence will continue even further.

To Ease the Pain

Mind is
restless,
stream of ideas is
endless,
in an attempt
to ease the pain,
I have
befriended
nature!

Like a Mother

The earth does not give
birth to us
from her womb-
yet like a mother,
she gives affection
takes care
and nurtures
forever!

The earth does not give
birth to us
from her womb-
yet like a mother,
meets every need
reads each of our sorrows
gives the courage to live
forever!

The earth does not give
birth to us
from her womb-
yet like a mother,
gives happiness despite suffering
stands as a shield over obstacles
wants to see us on top
forever!

Desire

She is
in
my heart,
and
my heart is
in
her fist,
I want
to hold
her hand
forever!

Your Morning, My Evening

Your morning

My evening

My evening

Your morning

Your dinner

My Lunch

My Lunch

Your dinner

Different nothing

Same everything-

Morning

Evening

Night

Breakfast

Lunch

Dinner

I search always

Only your smile!

Before sleeping

Once again

I want to see your smiling face

Sweetie, please

Smile once again

And say to me

Good night, my dear!!!

Cannot Be Compared

Whose glory is greater than
the expanse of the sky,
Whose love is deeper than
the depth of the ocean,
Which is
the cause of
motion!
Whose touch turns
despair into hope,
Whose presence fills
nature with elation,
Which cannot be
compared to any other
in the entire creation!
The one who is
supernatural
in the cosmic world -
A Mother!!

Supernatural Power

Whenever
An attempt was made to measure
The height of the dad's spirits,
The sky fell short!
Absolutely!
No one can be higher than father.
A child is the strongest person
in the shadow of his supernatural power,
This supernatural power is the father.

Dreams Have Come Crashing Down

She loved me extremely deep
I loved her extremely deep
We also made many promises
in the delicate moments of love
In that planet of romance
There was no one except the two of us
The thrill of those pledges made our love deeper
We both had
a different earth
a different sky
There were only the two of us
in that supernatural world
Time has traveled a bit
We lost our earth and sky
All dreams have come crashing down
All the promises flew away
like clouds in the wind
I am sitting by the sea
and seeing the palace of memories collapsing.
