Starry Night

Ocean-The Wide Wonder

Do it for Yourself

Starry Night

Half the world is asleep
With a blissful silence around
The queen left her throne
To the dazzling princess moon
Shimmering amidst the darkness

In the abyss of dark night
Shines the little stars
Like a scattered diamonds
From the silvery white plate
Studded in the far sky

Down there I'm standing
watching them blinking and winking
Coveting my heart
Without my sense
Losing myself in that enchanting sight
Of the soothing calm night

Wondering at the creativity of God
Who made this picturesque art
Murmuring the nostalgic rhyme
Twinkle Twinkle Little Star
How I wonder what you are

Ocean-The Wide Wonder

A Netherworld

beyond the boundaries

A comforting composer

of soothing musical waves

A Masterpiece

of God's creation

The comfort zone of Withered souls

Deep like the

Human mind

Unknown Mystery

hiding inside

A Swallowing Danger

when she rose

still i love her

with all my heart
