## The realm of friendship

In the realm of friendship, a spark did ignite,  
A feeling unexpected, a beautiful sight.  
We shared laughter and stories, day after day,  
And little did I know love would find its way.

Accidental it was, this sweet love's embrace,  
Unplanned, unforeseen, a gentle case.  
In the safety of friendship, my heart did unfold,  
And I found myself falling, a story yet untold.

Your smile, your kindness, they captured my soul,  
A connection so deep, making me feel whole.  
Every shared moment, every word we exchanged,  
My heart grew fonder, its rhythm rearranged.

Yet I never intended for this love to take flight,  
To dance on the edges of what's wrong and what's right.  
I cherish our friendship, and it means the world,  
But these newfound emotions have become unfurled.

So here I stand, in front of you today,  
With a humble confession I must convey.  
I didn't mean to fall in love, my dear friend,  
But my heart has its reasons, I cannot pretend.

I understand if this revelation brings surprise,  
And I hope it won't jeopardize the friendship we prize.  
If you don't feel the same, I'll respect your heart,  
And cherish the bond we share, right from the start.

For friendship is a treasure, a gift so rare,  
And if love cannot be, I'll handle it with care.  
But if by chance, you feel what I do,

Together, let's explore a love that's new.

In the realm of friendship, where love found its way,  
Let's navigate this path, step by step, day by day.  
Accidental it may be, but love's a wonderful art,  
And with you, my dear friend, I'm ready to start..

## Whispers of the Heart

*In the quiet corners of the soul's retreat,  
Whispers of the heart, so soft and sweet.  
Love's language spoken, beyond mere words,  
A symphony of emotions, melodies unheard.*

*In stolen glances and gentle caress,  
They find a haven where their love can express.  
Through secret smiles and lingering touch,  
Their connection deepens, oh, so much.*

*In the depths of their being, love takes flight,  
Guiding their steps with a gentle light.  
Whispers of the heart, a love's decree,  
Forever entwined, in unity*

## Eternity's Embrace

In timeless realms where hearts find peace,  
Two souls entwined in eternal release.  
Bound by a love that transcends the years,  
Their bond unbroken, through joy and tears.

In each other's arms, they find solace true,  
An endless embrace that forever renews.  
Through the trials of life, they stand strong,  
United in love, where they belong.

With every sunrise and every sunset's glow,  
Their love continues to bloom and grow.  
In laughter and whispers, in silence and song,  
They navigate life, where they belong

## Normalities

In friendship's realm, two souls entwine,  
A tale of love and hearts align,  
Like stars that twinkle in heaven's sea,  
One falls in love, the other's plea.

Through woods they wander, side by side,  
One's heart ablaze, emotions can't hide,  
But distant looks and fleeting glances,  
Reveal the heart's shy advances.

In shadows cast by pale moonlight,  
The besotted friend mourns the night,  
A tortured soul, a raven's flight,  
Finding solace in the ebony night.

With sonnets sweet and verses fair,  
The lover lays feelings bare,  
A yearning deep, a burning fire,  
Yet the other's heart seems to retire.

The roads diverged, their hearts apart,  
One seeking love, the other's heart,  
One heart's love, the other's fear,  
A dance of shadows, both draw near.

In this tangled web, their friendship's plight,  
One's heart aches, the other takes flight,  
Through woods of choices, they must roam,  
One seeking love, the other yearns to roam.

Thus, the tale unfolds of hearts entwined,  
One love-struck, the other's heart confined,  
A dance of shadows, a ghostly flight,

As one embraces, the other takes flight.

In friendship's realm, the journey's long,  
One's heart's hope, the other's song,  
The tender dreams, left forlorn,  
In search of a love yet to be born.
