Dark waters

We sail in dark waters
So cold we're frozen into our bones
We stay, sons and daughters
On our way that fades
into the unknown

First there was heartache and sorrow
but then there was hope
Leaving the ground that we've stood
on has made us grow strong
And all of the sisters and brothers we lost
won't be gone,
won't be forgotten
We don't know what is ahead
but the show must go on

We run in wild forests
Chasing the treasures that we have lost
Nothing can stop us
Fighters right from the day we were born

First there was heartache and sorrow
but then there was hope
Leaving the ground that we've stood
on has made us grow strong
And all of the sisters and brothers we lost
won't be gone,
won't be forgotten
We don't know what is ahead
but the show must go on

And all of the sisters and brothers we lost
won't be gone,

won't be forgotten

We don't know what is ahead

but the show must go on

Mortal

When you said goodbye
but you just can't leave,
When you hold so tight
that your hands they bleed,
So take these lungs
cause you were my air;
I keep breathing in and out
but you're not there.

We never think that we run out of time,
Always believed we could keep it alive,
Didn't know then you were everything,
I'm haunted by all the words that I said,
Waking up in a hospital bed,
I Didn't know then you were everything-
When the time comes you gotta let it go
When the time comes you gotta let it go

Every star that lights up the sky
will always burn the brightest as they die.

We never think that we run out of time,
Always believed we could keep it alive,
Didn't know then you were everything,
I'm haunted by all the words that I said,
Waking up in a hospital bed,
I Didn't know then you were everything-
When the time comes you gotta let it go
When the time comes you gotta let it go

When the fire dies and there's no light and
I see you for the last time I-
I have to let it go!

When I lose to the skyline
can't follow you to the other side I-
I have to let it go.

When the time comes you gotta let it go!
When your whole life depends on
these hands that you hold-
When the time comes you gotta let it go!

Galaxy

You're gone;
And I try to let go
but I want you to know
That I see ya,
I hold on;
And when bad days appear
I just know you'll be here
when I need ya

And now your love is my galaxy
Where stars will light the way,
And every night you are guiding me
To make sure I'm okay;
My galaxy!
My galaxy!

At night
When I can't fall asleep
And it don't really seem
To get better,
Oh I'm always trying to dream
Of times we were together

And now your love is my galaxy
Where stars will light the way,
And every night you are guiding me
To make sure I'm okay;
My galaxy!
My galaxy!

You're my Galaxy
Always guiding me
My infinity

All I'll ever need

And now your love is my galaxy
Where stars will light the way,
And every night you are guiding me
To make sure I'm okay;
My galaxy!
My galaxy!
My galaxy !

Lighthouse

I'm all alone out on the oceans,
Darkness all around since the sun went down,
Is it you I see in the horizon
On the distant shore far away up north?

Oh, won't you shine on me?
Like a sailor lost at sea,
I've been drifting helplessly,
I need a lighthouse
Oh, won't you guide the way?
Make a passing through the waves,
tell me everything's okay,
I need a lighthouse shining over me.
Shining over me,
shining over me,
I need a lighthouse,
Shining over me,
shining over me,
I need a lighthouse shining over me.

I lost direction on the waters,
Traveled in the blind with the storm inside,
Was I even ready for departure?
'Cause I need your light
You're like a candle in the night.

Oh, won't you shine on me?
Like a sailor lost at sea,
I've been drifting helplessly,
I need a lighthouse,
Oh, won't you guide the way?
Make a passing through the waves,
Tell me everything's okay

I need a lighthouse shining over me
Shining over me,
Shining over me,
I need a lighthouse,
Shining over me,
Shining over me,
I need a lighthouse
Oh, won't you shine on me?
Like a sailor lost at sea,
I've been drifting helplessly
I need a lighthouse
Oh, won't you guide the way?
Make a passing through the waves,
tell me everything's okay
I need a lighthouse shining over me.

Regrets

I- I knew we would go down to the wire, Now it's giving in or let it die. All these thoughts, hunting me, memories, on repeat, All the love has gone to waste. With my heart, on a wire, running out of goodbyes, Burned the bridges all behind. Regrets are too late- Memories, on repeat, all the love, Regrets are too late- Running out of goodbyes, Regrets are too late. Regrets are too late. Blind and foolish I went all in, I- How could you only love the fire? All these thoughts, hunting me memories, on repeat All the love has gone to waste With my heart, on a wire running out of goodbyes Burned the bridges all behind Regrets are too late Memories, on repeat, all the love Regrets are too late Running out of goodbyes, oh oh oh Regrets are too late Regrets are too late Regrets are too late Memories, on repeat, all the love Regrets are too late Running out of goodbyes, I knew we would go down to the wire...

Wonderland

Is there anybody out there?
Is there anybody left who cares?
All I wanna do is dance here in wonderland,

I've been hiding from a big bad world,
You can find me in the things that hurt,
We don't need to understand Here in wonderland!

So we're lost in the upside down,
Tell me what you hear in the silence now;
All I wanna do is dance here in wonderland,

I've been hiding from a big bad world,
You can find me in the things that hurt,
We don't need to understand here in wonderland!

Chased a rabbit down a hole,
Just to see where it would go,
Now I've ended up alone!

The River

You can kill the lights,
You can draw the blinds;
My heart's shackled down bound to your bed.
Can you stay a while?
Keep me by your side,
Feel my scattered heart, fix me I said.

We could lay here underneath the river
If you stay, if you stay.
We could sleep here underneath the river
If you stay, if you stay;

We could go home,
We could go home down below,
low, low!
Nobody knows where we will go,
Down below, low, low!

Can we stay inside?
Lay here by the fire?
Please dont let me go,
Say it ain't so.
Leave me in the night with no warning sign,
Are we burning out? mirrors and smoke?

The Holy Hills of Heaven Call Me

The holy hills of Heaven call me
To mansions bright across the sea
Where loved ones wait and
crowns are given
When the hills of home keep calling me

This house of flesh is but a prison
Bars of bone hold my soul
But the doors of clay are gonna burst wide open
When the angel sets my spirit free
I'll take my flight like a mighty eagle
When the hills of home start calling me

I see loved ones over yonder
Tears are gone and hearts are free
And from the throne king Jesus beckons
Oh the hills of home are calling me

This house of flesh is but a prison
Bars of bone hold my soul
But the doors of clay are gonna burst wide open
When the angel sets my spirit free
I'll take my flight like a mighty eagle
When the hills of home start calling me
