## Siblings Love

Siblings love is easy to explain, siblings love can also cause pain  
Siblings love is through thick and thin, siblings are each other's best friend  
But through it all you can't deny, the love is real I must reply  
We love you sister and this won't cease, until we meet again, rest in peace  
Love your siblings

## Wild thing

God you are my wild, you make my heart sing  
You are my everything, I'm calling ring ring  
I can't deny how you make me feel, your love me it is for real  
It loves me to the core; it leaves me wanting more  
It moves me in a way, that makes me say  
It is so clearly, that you love me dearly  
You cover my pain, when I'm out in the rain  
You change my frown, when I am down  
You always amaze, that why I give you praise

## Don't cry for me

Don't cry for me I'm doing fine, I know it hurts but it was my time.

I've ran my race so just embrace, the memories we've shared and the times we cared.

So again, I say don't cry for me because I'm right where my father wants me to be!

## Keep your eye on the prize

When things get rough, keep your eye on the prize.

When things get tough, keep your eye on the prize.

When things don't go your way, keep your eye on the prize.

When things aren't looking up for you, keep your eye on the prize.

When things seem like it's not going to get better, keep your eye on the prize.

Last but not least, when you feel like giving up, keep your eye on the prize.

The prize is going to be greater than you could ever imagine.

## **My name is Love**

My name is Love with a doubt; give me a chance to show you what I'm all about  
A feeling so very very special and good, gentle, smooth and kind like only Love could  
Now when you lay down and fall asleep, let me enter into your mind and travel to your feet  
Giving you a feeling you can hardly describe, causing that tingling sensation both below and high  
It could cause the heart a whole lot of pain, yet It's so addictive till it's hard to explain  
Once I'm in your brain, I'll penetrate to your heart, then I know we will never be apart  
My name is Love and I'm for real, no matter how bad you feel, Love is here to heal

## What is Love

Love is shelter from a storm

Love is comfort in the midnight hour

Love is patient in spite of

Love is a redeemer

Love is a friend that's closer than a brother or sister

Love will meet you where you are in life and provide what you need

What is Love to you?

## Blessed

Blessed is you, blessed is me  
Blessed is anyone who can see  
That God is good all the time, he truly is a friend of mine  
It is clearly, he Loves us dearly  
It is for sure, his Love is pure  
We are Blessed, even in our mess

## The Light

The light had me not wanting to give up, the light had me determined  
The light had me believing again, the light had me persevering  
The light had me thinking, the light had me at peace during the storm  
The light led me through the tunnel to my breakthrough  
It was and is the light of the world  
John 8:12

## A Thankful Daughter

Thank you, mommy, for praying for me when I couldn't pray for my self.

Thank you for covering me when I didn't even know I needed covering.

Thank you, mommy, for loving me through the times that I didn't even love my self.

Thank you, mommy, for showing me what it looks like to truly serve God.

Rest now, I got it from here.

You have finished your assignment; well done.

Until we meet again, I Love You always!

## The girl I was

The girl I was doesn't compare to the girl I am becoming.  
The girl I was doesn't compare to the girl I will be.  
The girl I was is what I saw in me, until I met the new me.  
The new me can see who I'm supposed to be.  
The new me has set the old me free.  
Thanks be unto God who has made me, me.

## A Broken Woman

A broken woman can cover you in spite of. In spite of your undeserving of it, in spite of you played a part in her brokenness. A broken woman can calm the storm. Even though the storm is raging; her inner peace is still on auto pilot. A broken woman can say it without saying it. She thinks it in her heart and then it speaks for itself. A broken woman can hope for the best but still prepares for the worst in order to stay ready, so she never has to get ready. A broken woman can change an atmosphere, according to what she chooses to speak into it. A broken woman gets her strength from God! That's why she continues to get back up again and again, because she knows that she wins in the end! Signed a broken woman!
