My love

Will I?

Goodnight, I love you

This & That

## The way you leave me.

*When I'm too weak to stand*

*Please lend me a hand.*

*When I have no sight to see*

*Please give me some guarantee.*

*When there's ringing in my ears*

*You bring me so many fears*

*I can't fight back the tears.*

## I try

*My eyes tell the truth*

*When*

*My smile tries to lie*

*Most times I feel like I might die*

*But*

*I refuse and you know why.*

## **My love**

*Love of my life*

*You made me your wife*

*When our eyes meet*

*My heart skips a beat*

*I'm yours & you're mine*

*Together for all time!*

## Will I?

*Will I be sick?*

*Will I be fine?*

*Or*

*Am I just out of my mind???*

## Goodnight, I love you

*I'm beyond thankful  
to have you.  
God only knows what  
you've been through.  
Diaylsis helps keep you near  
But nothing is very clear.  
I sit & I wonder  
What can I do.  
I know the transplant  
is long over-do  
For know, all I can say is  
Goodnight  
Dad I love you.*

## This & That

*I hear; have you tried this*

*And*

*Have you tried that*

*As if*

*I hadn't a clue*

*I wish you only knew*
