?Let go u?

In dream think about your passion
Let go u with some one suggestion
Find some thing with your own creation
Let go u with some temptation
Love some one like a wonder
Let go u with amazing thunder
Life is not for looser
Let go u with chooser
Find a friend like a calisaya
Let me go with my pragya
Always ready for every position
Let me took this time first position
Dream what u wants like
Let go u with flow of lakes
Never hurt some one in his life
Let me go with your wife.

Pragya(My lover)

One day in the rainy season I saw a girl
Who wear yellow dress with a small pearl
She was looking so nice that time
I just goanna insane with her sublime
After some day I start to like her
But I didn't know that she was also abler
She looks like a sweet dream
And I like her as a chocolate cream
She walks like a cyclone
That really makes me alone
She talks like a sweet poem
Which give me a great problem
First time when she touch
I feel like a quick search
We both ate together
It feels like hot sweater
We daily used to go garden
It feels like heaven in sadden
I gave her a red rose daily
It was a type of cagily
Some time we can over cross our limit
But we were sure that we are not admit
I love her so much and she is my life
And I want that she join me as a wife
Every time when I think about her
I feel happier and more cheer fuller,

She (untold story)

She with me till she is stranger for me
She likes me or love it depend on she
She is really angel full of sweetness
She likes my nose and my badness
She is truly sun shine for me
She wants to be an eclipse on me
She is not like some one else
She is the new version of feel
She is always be good friend of me
She is not failure only a true lover
She always wants to be with me
She really sees me happy with p
She is a great guide for me
She always remind me the I m happy
She said that be happy in your life
She is my best friend forever before my wife
She is really better from me
She is clean as crystal for me
She is my angel my love my life
She is only angel lover for my wife.

Friends

Can u define what need of a friend?
Who help u in chat and take payment
Someone always be a good friend
But some one good as be your friend
So it's depend on u what u want as friend
One who help u or one who want cent
Friends are not only an adviser or guide
They are also our parents in our all fight
When u selects your friend keep in mind
Choose one who love you & save u from grind
Childhood friends not always a good one
So make one who stood for u like a sun
I always feel lake of friends because
Life always give u chance for decide
Can u tell me who is stand with ur badness
Give u support always in your loneliness
I have some friend who is my good friend
But some friends make me able to be ur friend
I m only not your friend I m also a new trend
So friends what u wants be a good friend
Or be a friend one who good as your friend
I m always confused that who is my best friend
But I will know when some hold my hand
Choose now someone as your friend
Because later trend will gone of legend.

Classroom

Classroom is the full of cartoon
One by one all wants to go bathroom
In classroom there r so many benches
But all boys like to be in back-benches
In classroom some time we laugh loudly
But we said no sir I didn't do it proudly
In classroom there r so many joker
They crack jokes like a goal in soccer
All time we discuss about girl
Some time every one wants same girl
In classroom we study some time
But it's depend on teacher what is crime
In classroom all boys r alone
Because they can't use there cell phone
All boys want that he has a girlfriend
So he can enjoy the new classroom's trends
In classroom some boys r really talented
So teacher like people who r both handed
In class room when the light going to switch off
Then all animal r awake and hooting like wolfs
Some time teacher punished some one
Girls like to be punished if teacher is handsome
In classroom you can share your felling
Then all makes laugh because u r falling
In classroom u have expectation with some one
But if she broke your heart always try again
In class room we cracks so much jokes
This makes us happy and gives hopes
In many time so many student want to go out
Because in every class same lecture and shout
In class so many fall in love with someone
But they don't know that it happen with everyone
In classroom every one know each other
So enjoy your class because u remember it forever.

First Kiss

Kiss of love trying to make u cloud
No limitation of fly no other loud
First kiss this word make me so hotter
In winter kiss is enough no need of sweater
Close your eyes fall down in hands
Feel the heart bit faster than trains
Try to feel every second of first kiss
Because it full of love and bliss
Kiss is not only touch of lips but
It hope for a lover that she is not slut
When I was kissing my love
I want to kiss her so much
Sound when u kiss is like sweet
Kiss her so long so she can feel discreet.

The Bus Man

I saw a man in the bus
He was so poor and fully crushed
He wanted some food from us
But we had nothing on the bus
We think that we should help him
We buy some food to give him
He was so happy at that time
Help some one is not a crime
But his condition was not good
Because he didn't get even two time food
Bus conductor asking him for ticket
Because he was sit on front seat
He said I have no money for it
So conductor ask him than why u sit
We decided to buy a ticket for him
Because he was poor and not in dream
Now his bus stop was coming near
He was either happy or full of fear
We feel very very sorry for him
Need to do something for his dream
His dream was only food of two times
Can any one full fill his dream one time?
Think when you are going for take food
Can u do something for this type of manhood?

Something New

I woke up with the sun..
New day and light with the fun.
I like to do something new,
Which can understand very few.
Today is the day of dream,
Like winter with the ice cream.
I hug my gf very tight,
She allow me after big fight.
It's feel like fire with ice,
Yes u can do anything with her choice.

Pray for my brother

Pray for my brother he want it.
His life is not going gud he need it.

One day he told me to pray
His Gf is going to marry other boy

Life is changing so fast for him
I was thinking it in my whole dream..

Pray for my brother he deserve it..
There is god now time to prove it.

He loves her and want to get her..
In next five month he'll be away from her

Time is bad what can he do
Come on now come in my crew

We'll pray for him day tomorrow every evening
May be god is tasting his great feelings

Pray for my brother he is dying every second
he want to come in her life first no second option.

So friends pray for my brother at this moment
Life is sort so no other chance no other improvement.
