You

You

I have a dream,
Do you wanna hear?
It's about something,
It's about you.

Yes you, not me.
I see you there,
Doing nothing,
Just always there.

I am confused,
Why you're always there?
Do you wanna say something?
You need to stop!

Don't be angry, if I say stay away.
You know why?
Because... Just because...
I don't even know you.
