you fell in love with a memory

**you fell in love
with a memory
as you read my poetry
you read my heart**

**you saw right through me
right from the start
you read my mind
you read my soul
i touched you,i know**

**you could feel my love
and you could feel my pain
from the words
my heart would bring**

**you fell in love
with a memory
wrote from my heart
for you,from me...**

Sweet Dreams

I go to bed,
with you, on my mind
and i dream, dream of,
what could have been mine.

Sweet, sweet dreams,
i have of you,
but sweet dreams
are all i have

Sweet, sweet love
brought to my heart
from above.

Then put, to a poets pen
to fill my heart
with love
once again...

Windows of your soul

I can look,
into your soul;
as i read,
the stories you hold.

Hold deep,
in your heart;
as you write,
your soul plays a part.

It reads,
like a movie script;
from long ago,
i love ,reading your soul.

You touch me,
in every word,
i feel the emotion,
coming from your heart,
as your soul,plays it`s part...

A Box of Memories

You know honey,
we never meant to part,
just differences of the heart,
you went to college,i went to war

You were always the girl next door,
we dated all through high school,
you were a cheerleader,
and i was the star quarterback.

You were my first kiss,
my first time,
you are all the memories,
that dwell in my mind.

I still have your ring,
and all the other memories,
you left behind,and i hope,
i`m a sweet memory in your mind...

Is It Love ?

I have feelings for you,
down in my soul;
is it love ?
i don` t know !

Maybe, it`s a peace
i feel for you,
my spirit just seems,
to connect with you.

I have never seen your face,
or traced your curves,
but i have,
felt your words.

Your sweet words
have touched my soul,
is it love ?
i don` t know...

Your My Inspiration

You are my inspiration
you are my muse,
as we dance across the floor,
my ink spills like tears from my heart.

I write of love,
i write of pain,
i wonder what joy,
tomorrow will bring.

Your love ,
inspires me to write on,
and i write of your love
as we dance on.

Dance,dance,
across my mind,
my ink spilling on paper,
as we dance through time.

Inspire me my darling,
as my ink pours from my pen,
there is no begining,
there is no end...

Rainy Night In Georgia

Color me gray
as the sky fades to black,
color me sad,
on this cold rainy night.

Rainy night in georgia,
takes it`s toll,
as the rain,
falls on my soul.

I miss you sweet heart,
i need you to hold,
i need you to touch me darling,
touch my soul.

I guess i never,
should have let you go,
now i feel you honey,
down in my soul.

You see,
true love never dies,
and as i stand here in the rain,
my heart still cries...

Romeo and Juliet /the final curtain

The winds of time
blow memories of you
through my mind

A sweeter love,i shall never know
as the winds of time gently blow
the smell of honeysuckle in the air
two young people in love without a care

Forever and always
your love shall be mine
if only in my mind

For I have touched your soul
and you have touched mine
and I will love you till the end of time

The essence of you shall always lay gently on my mind
two souls searching for solace
as we move through time

you have brought me from a boy to a man
and for that I will always be in your debt
and something I will never forget

but fate wasn't kind to you and me
our love could never be
so I will dream of you from time to time
and the essence of you will always be on my mind

Romeo romeo where art thou romeo
I`m in your heart and in your mind
where I will remain until the end of time...

Sweet Words

Sweet words
of love,
never, should
have been spoken .

Now,
i am lonely,
my heart, broken.

I see your face,
most everyday,
but you don't even,
look my way.

Sweet words of love,
spoken from my heart,
now those sweet words,
have pushed us apart...

lay me down,by your side

I want to
lay down by your side
feel the warmth,
from your heart

Feel your love,feel your pain
as it flows
from your soul
into mine

I
want to
lay down
by your side

Hold you close
your body next to mine
feel your love
till i die...

I Close My Eyes

I Close my Eyes

A Poem by wordman

I close my eyes and i drift away

into that magic place where you stay

In dreams you`ll always be mine

I can hold you until the end of time

I can hear those soft words you used to say

when you made love to me in that special way

In my dreams you will always be mine

in my dreams I'll love you until the end of time

You still hold the keys to my heart

in my dreams we never part...

Misty Blue

It`s been a long time baby!
you were on my mind
thought I would drop you a line

You know baby!
I`m still in love with you
and on day`s like this honey
I just feel misty blue

Baby it`s been a long time
since I held you tight
and I hope this letter
finds you all right

You know baby that I miss you
and I dream of you from time to time
and on those day`s honey
I have to drop you a line

But then I tear them up
and I throw them away
I wouldn't know where to mail
them to any way....

Touch My Heart

Touch my heart,
leave your print,
not a lot;
but just a hint.

Leave me breathless,
crying for more;
as you gently,
close my door.

Touch my heart,
leave your print;
not a lot,
just a hint.

Take my hand,
hold it tight;
as i dream,
of you tonight...

Two Souls

two souls searching in the night
two wrongs doesn't make a right

but your searching for solace
where there is none to find

your paths cross your hearts meet
your eyes are blind you enter
with in one another

your hearts entwine
you become as one

your souls make love
the solace you find

fate is wonderful
love is blind...

A Single Tear

It seems i have fallen from your grace
i no longer see your face
so i sit to write but the words wont come

Tears roll down my face
it seems i have fallen from your grace
down trodden and all alone
no one to call up on

A deaf ear has now taken the place
of my god and his grace
though i walk through the valley of death
i do fear evil i feel alone my heart cold
and out of place

On my knees
on my face
praying to god to once
more show me his face

But not a sound
do i hear
only feel the warmth
of a single tear...

Silence

Silence

rolling through my brain,
as fast,
as a fast moving train.

through
the portals,
of my mind,taking me back,
back in time

where
memories run deep,
deep into my soul,
a place,only i can go.

like
a waterfall,
falling from my mind
taking me back,back in time...

Winds of time

The winds of time
blowing gently through my mind
telling me things long forgot
that I had placed deep into my mind

the sweet sound of your voice
the gentleness of your touch
the love that you gave
that I need so much

I long for your kiss
your sweet touch
I miss you so much

do you still love me
I know that you do
cause the winds of time
is blowing on you too...

Bleed

Bleed

Stab me slow, watch me bleed,,
is it my pain,that you need.
you stabbed me in the back,
then you walked away,
and here i stand,still bleeding today.

I don't know why you hurt me so,
i don't know why you turned so cold,
you closed all doors,you return my mail,
do you enjoy putting me through hell.

Do you really believe those lies?
you didn't even ask me ,i was surprised
do you really know me ? i don't think you do,
if you did! you know i would never be untrue...

If You Were Mine

I look into your eyes
I see the pain with in
let me hold you sweet heart
tonight I will be your friend

If you were my girl
if your love was mine
my eyes could only see you
my heart would be blind

A sweet kiss each morning
hold you tight at night
we would slip nude in our hot tub
on a moon lite night

If you were my girl
if your love was mine
I would love you forever
if only you were mine...

My Valentine

My darling
we`ve been together for
forty one years

we`ve shared laughter
and we`ve shared our tears
but together we stand

we have lost some
on our way, but we know
we will see them again one day

you captivated my heart
years ago, with your smile
and your eyes a glow

and all these little faces
we see running around
it was our love that brought
them around

so my darling
one more year, one more time
I wish you a happy valentines...

Always and Forever

Forever and always
until the end of time
forever and always
that's how long you will be mine

As I place this ring upon your hand
you will always be my lady
and I will always be your man

Until death do us part
or until the end of time
that's how long I will love you
that's how long you will be mine

I will cherish and love you for evermore
trust and respect you
hold you tight night after night

Keep you warm and safe
on cold,cold nights
talk to you for hours on end
I will be your lover and your best friend
forever and always
until the end of time...

Rose Petals

Rose petals of love
fall at your feet
a sweet begining
we will soon meet

you say you will
I say I do
we start our lives
together a new

you pledge your love
and I`ll pledge mine
and our love will
begin the test of time

your gown of blue
your hair of gold
just the sight of you
warms my soul

after today
our hearts will beat as one
I pledge my life
I pledge my love
and I pray
for guidance from above...

Always

You`ve always been
my inspiration

You`ve always been
the special one in my life

That's why I asked you
to be my wife

Sometimes I guess
I let you down
when you need me the most
I`m not around

But were not perfect
and never will be

That's why you are you
and I am me

But your the love
of my life and always will

Even though I don`t say it
that's how I feel...

Remember When

Do you remember me baby!
do I ever cross your mind
does your mind ever wander back
to that place in time

They say a hot romance
burns out fast
ahh but what a love while it lasts
a couple years pass not too long
but a lifetime of memories to look back on

I dream of you from time to time
and the sweet memories of you
that echo in my mind

I know I could have made it real
true love for you is what I could feel
I just couldn't connect the dots

Too many wrongs
too many rights
too many feelings for me to fight
you bought linen with my last name
and when we made love
it drove me insane

So please forgive me
if you will
but I just couldn't make marriage
part of the deal

But you will always have a place
pressed in the memories of my mind

as I dream of you
from time to time...

You Knew

If ever
you see my face,
in the spring,
or in the fall .

During a gentle rain,
or when a flower blooms,
or a tree bursts forth it`s fruit,
think of me.

Remember
that i loved you,
even though,
i never told you.

But you knew;
you could feel my love,
in the falling dew,
of the morning sun,
you knew.

You gave me peace
you touched my soul,
you knew,
that i loved you so...

Love Story

As I lie here by your side
my head on your breast`s
I can feel your heart beat
deep inside

Your skin feels so soft
against mine
your sweet embrace
your tender size

You don`t realize
but sometime`s I just lay and
watch you sleep

I can see the dreams sweeping
through your mind
I can feel the love from inside

you`re so special to me I love you so I just can`t
seem to find the words
to tell you so

So please don`t think
that I don`t care
it`s just the words
I don`t know how to share

So I wrote this poem
just for you
so you`ll know
how much I love you...

You and Me

When i woke
this morning,
you were on my mind.

I just can`t,
seem to get over you,
seems you`re always on my mind.

When it comes to you,
my heart is blind,
i could never see anyone else,
in my life.

What kind of life,
would it be ?
if there were,
no you and me ...

Your My Inspiration

You are my inspiration,
you are my muse,
as we dance across the floor,
my ink spills,like tears from my heart.

I write of love,
i write of pain,
i wonder what joy,
tomorrow will bring.

Your love,
inspires me to write on,
and i write of your love
as we dance on.

Dance,
dance on across my mind,
my ink spilling on paper,
as we dance through time.

Inspire me my darling,
as the ink pours from my pen,
there is no begining,
there is no end...

Memories

In the misty waters
of my mind,
i reminisce of the hallowed,
memories that i left behind.

Once as vivid
as night and day
now only misty memories
slowly fading away

Fading away
like a gentle breeze
on a summers day
but it seems everything fades away

Even those
hallowed memories
of me and you
that we once knew...

A Moment In Time

A moment in time
funny how it can
last a life time

A lost love
a first kiss
a moment in time
that you will always reminisce

Your first date
your first time
memories you keep
tucked away in your mind

Some times when your alone
you reminisce of all the memories
that you have known

You dream of all the things you miss
you wish you could go back in time
and re capture that moment in time...

Stand by Me

Stand by me baby !
through thick or thin,
let me love you baby !
till my life comes to it`s end.

caress your soft skin,
trace all your curves,
suck on your breasts,
soft and slow.

i will always need you baby !
and this my darling,you will always know,
think of me,
when i`m away.

feel my love,
make me want to stay,
wrapped in your arms,
forever and a day.

you touch my soul,
you are my life,
one day,you will be my wife,
and until that day,
your love will be mine,
till the end,the end of time...

Without You

These words babe !
i write for you,
you know who you are,
you hung the moon,you created the stars

You captivated my heart,
your the only one i see,
it`s you babe,
your the only one for me.

You see,
true love paralyzes the mind,
there could never be another,
my heart is blind.

No matter where i look,
it`s you that i see,
can`t you see inside my soul,
can`t you see inside of me.

My heart,is like a volcano erupting inside,
without you babe im just a drop in the sand,
i love you always,
i will always`s be your man...

You Touched Me

I touched you,
last night,
your skin so soft,
as i caressed your soul.

Your lip's,
wet, and sweet,
when we`re together,
i feel complete.

You touch me,
i explode inside,
my feelings for you,
i could never hide.

I touched you
last night,
and you,
you touched me...

Bitter sweet, memories

bitter sweet memories,
lay gentle on her mind,
another place,
another time.

The love
of my life,
that i have,
left behind.

she feels betrayed,
battered and beaten,
all through her mind,
she feels like a woman left behind.

Once her heart,
a beautiful rose,
now her heart tattered and torn,
as it starts to close.

Her mind wanders,
her soul at bay,
maybe love will bloom again,
i hope and pray.

A woman,
that has lost her bloom,
her heart melts,
as it goes back in her cocoon.

But one day,
her heart will start to bloom,
and i will be there,

to melt that cocoon...

You and Me

When i woke,
this morning,
you we`re on my mind .

I just can`t
seem to get over you !,
seems you`re always on my mind.

When it comes to you,

In The Still Of The Night

In the still of the night
all matters of the heart
come to light

I smell the perfume
in your hair
as I lie here beside you
waiting for your caress

like a child
in a candy store
the flickering fire light
shows your shadow as a silhouette
my mouth watering my hands wet

and then you touch me
I explode inside my feelings
for you I could never hide

do you know how much
I love you
do you know how you make me feel
did you know I would die for you
if it was your will

yes baby! that's how I feel
after all these years
this is how you make me feel

just by the touch of your hand
» my heart you still command...

Almost like a song

I lie here every night,
wishing , i could hold you tight;
as your beauty echoes softly through my mind,
as my heart,you gently entwine.

I feel your presence by my side,
as you gently unfold in my mind;
as we make love,i feel your soft skin,
as it caresses mine.

It was almost like a song,
the orchestra gently playing ;
as our bodies dance along,
then i awake, with tears in my eyes.

When i roll over to hold you,
i realize,it was just a dream;
as you,
lay gentle on my mind...

U F O and A Redneck

Last nite driving home from a party

I seen a strange lite in the sky

at first i thought it was a plane.

But then it landed in front of my car

it looked like a three story motel

with a rotating bar.

I slammed on the brakes and stopped the car

and i jumped out to run,hell before i could

make it to that bar a green thing grabbed me

and throw ed me back in the car.

Well hell i did`nt know what to do, so i reached

into the cooler and pulled out a brew, well he

must have liked it, after he drank a 12 pack he

ate the can`s.

Well he opened the cooler looking for more brew

i was out, i did`nt know what to do, so i reached

under the seat and pulled out that bag of weed

i figured a pound would be all we would need.

we fired up a joint and listened to the

Marshall tucker band, after four joints he fell

out of the car then he stumbled toward that

rotating bar.

Well before he left he stole the rest of my weed

hell he figured that's all they would need.

He fired up that ship and headed toward the sky

he did`nt offer to pay for the weed,hell, he did`nt

even tell me goodbye...

Girlfriend,damn dog and a bag of candy

my girlfriend said she was putting me on a diet,
no more sugar she said,
well one day she was at work

i was dog sitting while she worked
i got so hungry for some candy
loaded up the dog and went to the store

yeap,i bought a whole bag of candy
went home and i was in hog heaven
watching the game eating candy

well time for her to get home so i hid the candy
she came in and sit beside me,have you been eating candy
hell no honey i`m on a diet

well a few minutes later that damn dog
came into the living room carrying that bag of candy
she screamed out i knew you was eating candy

i jumped up and said
damn that`s the smartest dog i have ever seen the damn thing went to the store and bought a bag of
candy

she looked back at me
and asked whos credit card the dog used,,,hers

The Love of a Woman

To love somebody,
is not a choice,your eyes meet,
your hearts melt,your souls,
blend into one another.

You look ,
into her eyes,
she captures,
your love.

She possesses,
your heart,your soul
you are now hers,
to have and hold.

Then the journey begins.
as you realize one another
she will study,
your every move.

She knows things about you,
that you don` t even know,
your likes,your dislikes,
what you`re passionate about.

What makes you tick,
what makes you smile,
she will do things for you,
she would no other.

You become her life,
and she becomes yours,
you wake every morning,

with a smile on your face.

You take showers together,
long walks in the park,
she transformes in the night,
she will turn your wrongs into rights.

My woman,
the love of my life,
look into her eyes,
and you can see tomorrow...

Moon Beams

Catching moon beams,
walking on crystal air,
gliding over the ocean,
full of love,without a care.

Sliding on a rainbow,
jumping on to a star,
fire racing across the water,
as i drag moon beams on the way.

Moon beams glowing,
in her eyes,
as i watch,
my beautiful venus rise.

The smile on her face,
lights up the skies,
as she walks on my moon beams,
i get lost in her eyes...

You Fell In Love With A Memory

you fell in love
with a memory
as you read my poetry
you read my heart

you saw right through me
right from the start
you read my mind
you read my soul
i touched you,i know

you could feel my love
and you could feel my pain
from the words
my heart would bring

you fell in love
with a memory
wrote from my heart
for you,from me...

Feelings

You will never know,
just how you make me feel , and you will never know,how i feel about you !

I Wonder

i wonder

if i was just a passing thought,
someone to fulfill your needs,
at the moment.

someone to lean on

for a short time.

someone to occupy your mind,
someone like me, gullible and blind.

i wonder,

was i just a moment in time
one of many,
true love, so hard to find .

yet for me,

it felt so real,

in your eyes,

just another cheap thrill...

Frozen

When we first met
your heart was frozen
but we felt a spark

Your heart started to melt and thaw
our love started to bloom
as a beautiful spring day
as the ice melted away

You reached out to me
like a vine in bloom
the warmth of my heart
melted your soul

As I nurtured you
our passion started to grow
the love melted your heart
as we became one with nature

I touched you, like the sun
touches a flowering bud
I touched your soul
and our love grew like a flowering rose...

Misty Blue

It`s been a long time baby!
you were on my mind
thought I would drop you a line

You know baby!
I`m still in love with you
and on day`s like this honey
I just feel misty blue

Baby it`s been a long time
since I held you tight
and I hope this letter
finds you all right

You know baby that I miss you
and I dream of you from time to time
and on those day`s honey
I have to drop you a line

But then I tear them up
and I throw them away
I wouldn't know where to mail
them to any way....

You`re My Inspiration

You are my inspiration
you are my muse,
as we dance across the floor,
my ink spills like tears from my heart.

I write of love,
i write of pain,
i wonder what joy,
tomorrow will bring.

Your love ,
inspires me to write on,
and i write of your love
as we dance on.

Dance,dance,
across my mind,
my ink spilling on paper,
as we dance through time.

Inspire me my darling,
as my ink pours from my pen,
there is no begining,
there is no end...

Words

words

sweet words of love
lets you see into my soul

let`s you see
the love that I hold

let`s you feel
my warm embrace

my words
take you to
a special place

our souls embraced
our hearts entwined

the love we feel is real
if only in our minds

for I have touched your soul
and you have touched mine...

Memories

In the misty waters
of my mind,
i reminisce of the hallowed,
memories that i left behind.

Once as vivid
as night and day
now only misty memories
slowly fading away

Fading away
like a gentle breeze
on a summers day
but it seems everything fades away

Even those
hallowed memories
of me and you, and the feelings,
that we once knew...

Goodbyes Make Me Cry

The sky is as black,
as my heart is gray,
the magic is gone,
there`s nothing more to say.

A few years,,
not very long,
but enough memories,
to make me feel alone.

A walk in the woods,hand in hand,
feeling the soft touch of her hand,
the tenderness of her sweet kiss,
i will always reminess .

And you,
i will truly miss...

Forever Friends

You have touched my heart

you have touched my soul

you have flattered me in way`s

you`ll never know ..

But reality my darling must kick in

a relationship like this should never begin..

I could never touch you

or hold you tight, wake up beside you

in the morning or kiss you good night..

I would always wonder what you would be like,

we would run hot for weeks on end, but one day

my darling it would have to end..

My heart would break

my soul would cry, but you know darling

we would have to say good bye..

So save me the heart ache

save me the pain , friends forever we

shall remain, so be careful in what you say

cause the click of the mouse won`t make it go away...

The Wordman

I can write hot!
I can write cold!
I can touch your very soul

Take you places
you`ve never been
show you places in time
and bring you back again

Our souls will make love
our hearts will entwine
and my words will always be
a special moment in your mind

I will come
in the still of the night
we will make love until the
morning light

I can come at your will
because I`m the wordman
and I always will...

candle in the wind

your my first star every night
your my day
and your my night
you are the love of my life

your like a candle in the wind
the essence of you
helps guide me in
you are my lover,my best friend

i couldn` t live without you
in my life
your my day
and your my night

you are
the love of my life
you made my dreams come true
when you said i love you...

Blue Autumn

Autumn leaves,
a whisper of snow,
the warmth from the fire
as the red embers glow .

Night fall comes
in shades of gray and black
not a star shining
as the clouds push them back

I reminess
as the day goes by
our love reminds me
of the colors of the sky

Gray and black
not a star in sight
i knew our love was over
this very night ...

i wonder, when did we fall out of love

`I Wonder
when did we fall out of love
fifteen years is a life time

I remember
walking hand and hand
talking about life
making plans

now it seems
we`ve grown apart
you have your friends
and i have mine

we have`nt done anything together
in such a long time
separate beds
seperate rooms
far from a bride and groom

i guess
we stay together
because that's the right thing to do
but it`s been a long time
since there was a me and you

I wonder
when did we fall out of love...

a falling star

Your touch,
your sweet embrace
when you touch me,
i`m taken to a special place.

We met one night,
on a falling star,
you held my hand,
you kissed my face.

The stars shined so bright,
as you kissed me that night,
you squeezed me tight,
as you walked me home that night.

That`s when we fell in love,
as we held each other that night,
now years have gone by,
and you`re still the apple of my eye...

A Return to Romance

A return to romance
is what she said
as she kissed my lips
and laid back onto the bed

A sweet sensation of love
came over her face
as she held me in a warm embrace

it's been a long time
she said
as she pulled me down
on to the bed

I kissed her sweet lips
I held her tight
as we made love
all through the night

I could see
the rise and fall of her breasts
as the light danced across her chest
showing all her curves I kissed them all

I awoke in the morning light
to find she had left
during the night

A red rose lying on the bed

where last night she had laid her head
a note on the night stand beside my bed

I love you is all it said ...

My Girl

we have a bed swing on our front porch

of our cabin on the lake ,such a beautiful place to be I take my girl up there,she loves it as much as me a porch that goes all the way across the cabin we have a hot tub and a fire pit she strung small lights all across the porch ceiling it has a bar beside the hot tub,music playing some keith Whitley songs,her favorite we light the fire pit and we lay for hours on our swing bed i feel so close to her,i love her more than life it`s self she is my life we get into the hot tub and have a drink,we listen to music as i caress her body,her skin so soft,she is beautiful, her breasts full and soft as silk,i love to squeeze on them we get out of the tub,carry our drinks to the swing bed the fire pit lit flickering on her wet body,my hands can`t be still,i touch and kiss her all over we lie down in our swing bed,we start making love, she don`t know what she does to me,how she makes me feel. i love her so much,she is very special in my life,one day she will be my wife my beautiful gypsy girl,she is one with nature and nature is one with her,she comes alive feeling a soft breeze blow across her body,her soul,she don`t know how much i love her so,my gypsy girl...

On your heart

On your heart,
i will leave my print,
not a lot,
but just a hint .

You will think of me,
when the time is right,
lying in your bed,
on a summers night.

Or maybe i`ll come,
from a flickering light,
from a candle burning
inside your mind.

Where i`ll be,
till the end of time,
tucked away in your heart,
and your soul, where i can love you for evermore...

Feelings

You will never know
how you make me feel
and you will never know
how i feel about you...

i`m just a man...

I woke
this morning,
i decided,
i would be great.

i guess,
i awoke to late,
turns out,
i`m just a man.

Dreams of,
a better life,
i`ve always had
but thankful of what i have.

A family that loves me,
an old dog to,
i feel blessed,
to have all of you.

they don`t care,
if i`m rich or poor, or in between,
they all feel,
that i`m pretty keen.

I may never ,
own a yaht,
or a fancy home,
but i can always find the dog a bone.

Still,
i have my dreams,
and one day,

they may come true,but until then,.

Take care,
of my family,
the best i can,
and realize,that i`m just a man...

The Love Of A Woman

To love somebody,
is not a choice,your eyes meet,
your hearts melt,your souls,
blend into one another.

You look ,
into her eyes,
she captures,
your love.

She possesses,
your heart,your soul
you are now hers,
to have and hold.

Then the journey begins.
as you realize one another
she will study,
your every move.

She knows things about you,
that you don` t even know,
your likes,your dislikes,
what you`re passionate about.

What makes you tick,
what makes you smile,
she will do things for you,
she would no other.

You become her life,
and she becomes yours,
you wake every morning,

with a smile on your face.

You take showers together,
long walks in the park,
she transformes in the night,
she will turn your wrongs into rights.

My woman,
the love of my life,
look into her eyes,
and you can see tomorrow...

Hurt

Life is tough,
love even tougher.
we walk our own paths,
the road always splits.

there's a crossroads,
on every path,
sometimes we stumble,
sometimes we fall.

sometimes we get lost.
in our way.
hoping to find ,
the right path ,one day.

i smell your perfume,
when i close my eyes,
and i feel tears,
from my eyes...

Misty Waters

from the misty waters,
of my mind,
i hear your words,
but i read them blind.

True meaning ,
of your mind,
i will never understand,
but ,i`m only a man .

Not a myth,
not a scholar ,
but locked here in my prison,
that i must conquer

some day
it will set me free
the universe will be mine,
my spirit will flee ...

Karma

She said karma would get me,
but little does she know,
karma got me long ago ...

If i were a carpenter

Life without you,
i wouldn't understand if,
you wasn't my lady,
and i wasn't your man.

my life wouldn't be the same,
without you,
but the world,
wouldn't either

you take my breath away,
you sooth my soul,
when we're apart
my heart is cold.

one day,
i will build a cabin,
in the sky
where eagles soar
and we never die.

My lips are sweet,
my love is true,
and i give it all,
all to you...

Summer Breeze

A warm summer breeze

blows gently through your hair

The smell of honeysuckle

lingers in the air

The touch of your skin so soft

as it presses against mine

The sweetness of your kiss

like strawberry wine

A warm sensation from your lips

as they press softly against mine

These are the things i remember

as i drift back in time

We danced through the meadows

to our special place

That place still lives in my mind

and it will,till the end of time...

Will you marry me

My love
you will be with me
forever and a day

My love for you
will never fade away

You`re the most beautiful
thing to come into my life

You`re my inspiration
you`re the light of my life

you`re my every dream
you`re my dream come true

I want you to know my darling
just how much I love you

you`ve inspired my life
you have helped me grow
you`ve helped me in ways
you`ll never know

Your the sweetest thing
to come into my life
would you take this ring
and place it on your hand

Will you always be my lady
and I will always be your man
will you darling be my wife...

When doves cry

Paint me a rainbow
up in my sky
down in my soul
where the doves cry

purple rain
little red corvette
words in a song
we never forget

a legend
in your own time
with your verses
and your rhyme

you wanted
to be elvis
and the beatles too
your wants now ring true

a rainbow
above your home
was it there
to lead you home.

A Moment In Time

A moment in time
funny how it can
last a life time

A lost love
a first kiss
a moment in time
that you will always reminisce

Your first date
your first time
memories you keep
tucked away in your mind

Some times when your alone
you reminisce of all the memories
that you have known

You dream of all the things you miss
you wish you could go back in time
and re capture that moment in time...

Something Beautiful Just Died

Something beautiful just died
as I stood by
and watched I cried

Was I right
or was I wrong
should I have let it go on
to see where maybe it would have gone

Would it have brought joy
or would it have brought pain
shall we try again
are you lonesome tonight
do you wonder if we were wrong or right

Do you wonder
what it would be like
if we were together tonight
do you still love me
I know that you do
and you know that I love you too

I could picture you by my side
as we traveled through time
holding hands, laughing, talking, making plans

But now it`s all gone, gone away
I wonder if it will come back another day
probably not but who can tell

And when it left it didn't say goodbye
it broke my heart ,it made me cry
should I come back shall we try again

or just say our goodbyes
and let it end...

Church under the milky way skies

the church,
under the milky way skies
as she strolls golden meadows
looking for more

stars winking,
as she looks, to the sky
for the creator,
of love and life

she feels his presence
from clouds rolling by
as she stares
at the milky way sky

animals gather ,
to watch her pray.
as she walks
under the milky way

searching for the creator
to touch his face
with angels watching
singing amazing grace...

Sunday Morning

There`s something ,
about a Sunday morning,
that makes you feel all alone .

when i woke
this morning,
the sky was gray

a wisp of cold winds
blowing all day
a hint of winter in the air

the rain
will come soon
as the sun goes down revealing the moon

a feel of
lonilness in the air
as i sit on the porch swing

wishing
that i wasn`t
all alone...

Maybe

Baby !

i knew you,
long ago,maybe in a,
past life,i don` know.

maybe ,we was lovers,
lost at sea,
or stranded.on a deserted island,
off the coast of capri.

or maybe,
it was just in my mind,
maybe,just maybe
my heart was blind

but i smell your perfume,
and feel your soft skin
when the night is dark
my journey begins...

Hand n` Hand

Hold me close
hold me tight
let`s never be alone
especially at night

be with me
forever and a day
promise me
you`ll always` stay

say you need me
say you always` will
tell me baby
just how you feel

lets walk through
life hand in hand
pull me up close
tell me i`m your man

say you will always` love me
and i will always` be your man
as we take on this life
hand in hand...

If you were mine

I look into your eyes
I see the pain with in
let me hold you sweet heart
tonight I will be your friend

If you were my girl
if your love was mine
my eyes could only see you
my heart would be blind

A sweet kiss each morning
hold you tight at night
we would slip nude in our hot tub
on a moon lite night

If you were my girl
if your love was mine
I would love you forever
if only you were mine...

i am,all that i am

i have come,
to the conclusion,
that i am all,
i`ll ever be.

i will never ,
feel my youth again,
but only in my dreams,
i am young .

a man ,
bearing,
a lot of,
broken dreams.

i always thought that,
i would conquer the world,
but now i realize ,it has conquered me,
that it has conquered me...

legend

I am a legend,
if only in my mind .

Butterfly Wings

she is a free spirit
full of life, and love
her spirit soars through life
as elegant as a dove

butter fly wings
carries her through the night
as her spirit travels
searching for light

her spirit
as beautiful as
butterfly wings
as she ponders the world as she sings

she brings sunlight
to us all
if captured
her soul would die

as the wilting
butterfly wings
without lifes nectar
she wouldn't survive

Rose Petals

Rose petals of love
fall at your feet
a sweet begining
we will soon meet

you say you will
I say I do
we start our lives
together a new

you pledge your love
and I`ll pledge mine
and our love will
begin the test of time

your gown of blue
your hair of gold
just the sight of you
warms my soul

after today
our hearts will beat as one
I pledge my life
I pledge my love
and I pray
for guidance from above...

Touch You, Touch Me

I have touched your soul

and you have touched mine

and we will be together always`

if only in our minds.

Two souls meeting in the night

two wrongs doesn't make a right

but our hearts locked

and our souls entwine.

We danced in the stars

solace we can find

so forever we will always be

because i touched you

and you touched me ...

rainbows and rain (almost a haiku

If you want a rainbow
you must endure the rain,
if you want love,
you must endure the pain...

When nothing else matters

when nothing else matters
we always have our dreams,
places and people we met,
along the way

lifes journeys has many bends
people and places and special friends
no need to worry
life is always close by

just close your eyes `fall asleep
the dreams of yesteryear will start to peep
will start to peep from your mind
memories you have left behind

some sweet,some kind a sad
but always from the experiences that you had
so close your eyes,say a prayer` that your dreams
will be from the one your love is shared...

sweet dreams

On your heart

On your heart,
i will leave my print,
not a lot,
but just a hint .

You will think of me,
when the time is right,
lying in your bed,
on a summers night.

Or maybe i`ll come,
from a flickering light,
from a candle burning
inside your mind.

Where i`ll be,
till the end of time,
tucked away in your heart,
and your soul, where i can love you for evermore...

Rythum of a summers night

The sun setting behind the ocean,
as the moon rises from behind
a mountain of gold

the sky jade and blue with
a yellow to gold tint across
the sky

summer rain
falling down to the grass
gently blowing my hair

the stillness
of the night ,as the shadows
gently fall around

take a breath
feel the cool air
caressing your skin

your heart in rythum
with the falling rain
you are re born,you feel no pain...

Paradise`s loft

I cry out to god
with no avail
afraid to die
afraid of hell

placed here through
no fault of my own
a cake on the table
but told not to eat

for when i did
my life would be complete
angels and demons
pulling from both sides

i`m rolling in a ocean
caught up in the tide
no place to run
no place to hide

emotions building up inside
paradise a place of beauty
and a place of lust
brought forth from the man of dust

eve
now twice deceived
after that demonic encounter
she has conceived

cain brought forth
from the pitts of hell
now on the earth

and here to dwell

so when you read

about isis

think of eve

in her crisis ...

Forever

i will live forever,
in the poetry that you write

Lost in your eyes

I get lost
when I look into
your eyes

My heart beats
in rhythm with yours
as my soul entwines

My body swaying
like a leaf blowing
in the wind

You kiss me
my journey begins
as your sweet lips
touches mine

All my inhibitions
I leave behind
as your body sways
and touches mine with
the rhythm of your mind

We are one
our hearts locked
our souls entwined ...

Self Portrait

Baby`s hair

a woman's eyes

the heart of a man

not afraid to cry

The soul of a lion

wandering in the night

looking for a wrong

that i may right

Sealed by angels

santified by god

my pen, is my rod

I write for one

i write for all

the gift of poetry

was my call

So if i touch you

in any way

my work is done

till another day...

Maybe

Baby !

past life,i don` know.

maybe ,we was lovers,
lost at sea,
or stranded.on a deserted island,
off the coast of Capri.

autumn

As the autumn
winds begin to blow
falling leaves
of red,yellow and gold

They fall
on the ground below
a cascade of colors
of red and gold

Squirells playing
in all the trees
as the autumn winds
start to blow

Bringing memories
of you and me
as we watch the leaves
falling from the trees

Squirells building their nest
getting ready for the winter snow
gathering the leaves
from the ground below...

Rose Garden

Before the day
breaks through the night
the dew falls and glistens
in the light.

It waters the roses
in my garden so rare
only beauty will you find in there

It`s a special place
down in my soul
where no one else can ever go

Only I can trod that ground
it`s a place
no one else ever found...

A return to romance

A return to romance
is what she said
as she kissed my lips
and laid back onto the bed

A sweet sensation of love
came over her face
as she held me in a warm embrace

it's been a long time
she said
as she pulled me down
on to the bed

I kissed her sweet lips
I held her tight
as we made love
all through the night

I could see
the rise and fall of her breasts
as the light danced across her chest
showing all her curves I kissed them all

I awoke in the morning light
to find she had left
during the night

A red rose lying on the bed
where last night she had laid her head
a note on the night stand beside my bed

I love you is all it said ...

living in the moment

i live in the moment
yet i relish
in my dreams of tomorrow
yet to come

my memories
of yesterday
define my being
of whom i`m supposed to be

i measure my life
on what i have learned
from my past
trials and tribulations

i live in the moment
i relish in the past
tomorrows dreams
will come to pass

valentine

the night was dark
the sky was blue
around the corner
the word man flew.

carrying a bouquet of flowers
and a bottle of wine
wishing everyone
a happy valentine..

Apple Blossoms

Apple blossoms in the spring
the tenderness of a gentle rain
the smell of honeysuckle on it`s vine
a kiss as sweet as apple wine.

A gentle breeze
blowing through the leaves
birds singing from the trees
the sun shining bright
from the gentle rain that
fell last night.

A beautiful rainbow dancing across the sky
gently painted from someone on high
let`s keep this moment forever in our minds.

The smell of apple blossoms in the air
the smell of jasmine in your hair
I will always cherish this moment in time
pressed through the pages of my mind...

The Essence of You

With brush in hand
I stroke gently across the canvas
searching for the beauty I feel within

Trying to capture the essence of your beauty
but I feel inadequate to do you justice
but I continue painting

After a few moments
I can see your beauty as it
transforms from my mind
I can almost reach out and touch you

I can feel your heartbeat with mine
you come alive
you are my creation
the essence of my mind...

Somewhere in Time

Somewhere in time

my true love,i will find

We will build a castle

in the enchanted forest

we will be the destiny of our own time.

Makelove the whole night through

and in the morning play like children

in the morning dew.

Eat honey and drink the nectar

from the honeysuckle vine if only

somewhere in time.

If only we can travel in time

and find this place we have

tucked away in our minds we could

live forever because there is no time.

But wait,maybe this place is real

maybe it`s a real place you can

see and feel

Maybe it`s not just a place

in your mind,but a place we

will someday find...

True Love

True love will wait

it will wait forever.

It is as high as a mountain

it is as deep as a river.

We found each other

and was lost again.

But true love will wait

until we meet again.

And one day i know

our paths will cross

And we will find

the love that we lost.

And until we do i say this

prayer, every time i turn a

corner i hope your there...

Yesterday

Hold back the years

hold back time

how many new wrinkles

can i find .

Oh how i long for yesterday

i can remember running barefoot

down a dirt road just after a rain

stepping in the puddles.

I can remember the warm water

on my feet, flying kites, riding

a bus for the first time.

Going to a saturday matinee

watching two or three movies

staying all day.

A golden glove boxer, a basketball star,

Oh but those days seem so far.,

But i long to be there again

just once more before the end.

oh how i long for yesterday...

Till We Meet Again

Apple blossoms in the spring

the tenderness of a gentle rain

the smell of honeysuckle on it`s vine

the sweet taste of black berry wine

A warm fire flickering in the night

sitting here with you feels so right

a blanket of snow covering the ground

as the snow comes falling down

Sleigh ride in the park

looking at lights after dark

the tenderness of your sweet kiss

these are things i will reminess

Walking hand and hand on a summer day

the breeze blowing through your hair

in a special way

A walk around the creek

stopping to feed the fish

these are things i will reminess

The sound of your voice

the gentleness of your touch

i miss you so much

I still see the twinkle in your eye

the morning you said goodbye

a smile on your face

angels singing amazing grace

So my darling i will say good nite

and never good bye to my best friend

till we meet again...

Bleed

Bleed

Stab me slow, watch me bleed,,
is it my pain, that you need?
you stabbed me in the back,
then you walked away,
and here i stand, still bleeding today.

I don't know why you hurt me so,
i don't know why you turned so cold,
you closed all doors,you return by mail,
do you enjoy putting me through hell?

Do you really believe those lies?
you didn't even ask me, I was surprised
do you really know me? I don't think you do
if you did! you know I would never be untrue...

a peaceful easy feeling

standing on a mountain top
looking out at the sea
i feel something inside of me
just a feeling i can't explain

like a quiet hush
came over the sea
my spirit
trying to tell me

maybe a voice
from a distant land
maybe a forgot love
crying out my name

maybe a mystery
from a past life
reaching out
for my hand,,,

In The Still of The Night

In the still of the night
all matters of the heart
come to light

I smell the perfume
in your hair
as I lie here beside you
waiting for your caress

like a child
in a candy store
the flickering fire light
shows your shadow as a silhouette
my mouth watering my hands wet

and then you touch me
I explode inside my feelings
for you I could never hide

do you know how much
I love you
do you know how you make me feel
did you know I would die for you
if it was your will

yes baby! that's how I feel
after all these years
this is how you make me feel

just by the touch of your hand
» my heart you still command...
