summary

Dear Future Husband

Letting Go

Notice Me

NO! REALLY I DON'T CARE...

If Love...

I Don't Regret Us

Dear Future Husband

Sitting around & thinking
Of you
You're all in my head
I don't know what
To do
So instead I sit & wonder
Are you thinking of me
Or another?
Awake I lay in bed
With crazy thoughts of you
Running through my head
You have me dazed
Like a deer in headlights
But shhh & lay down
With me just for tonight

Letting Go

I'm tired of writing to you
how I feel
'Cause your feelings for me
will never be real
You say you love me & will never
let me go
But you're the biggest liar
Which I now know
I'm not gonna fall for your
dazzling charm
To be with you
would be putting my
heart into harm
I'm not gonna try to change you
like many girls have tried
to do
So as of now
I'm letting go
of you

Notice Me

You didn't know about
the pain i went
through
You see me day & night
yet you never
knew
You never saw how
I struggled not
to cry
You didn't know that
I wished to
die
Down my cheeks my
tears would flow
But you never noticed
so how would you
know

NO! REALLY I DON'T CARE...

Okay, so here's the deal
The feelings I thought I had
for you weren't real
But to you this won't even matter
My words would never make
your heart shatter
When you texted "I love you"
it was probably with a
straight face
So I'll say I did too,
if that's the case
I don't talk to you & you
don't talk to me
So now we'll know just
how much much happier
we'll be
Out of each others lives & out
of each others hair
We can live our lives & pretend
like we never did care

If Love...

**If love was a song
I'd sing it for you
If love were a bed
I'd be in your sheets of blue
If love was a crime
I would be in jail all the time
If love had wings
I'd be soaring like an eagle
If love was confidence
I'd have the biggest ego
If love were stars
I'd be with you in the sky
& since love is endless
I guess where just like ?**

I Don't Regret Us

When you left me I tried to act

like I didn't care

I tried to pretend that the hurt

I was feeling wasn't there

I made excuses & said

"I'm over you"

But I know deep down

that isn't true

I wish that it didn't have to end

But I know we can never be

together again

Though I still miss you

after all this while

I won't regret anything that

made me smile
